Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of Northern Oklahoma College (the "College"), collectively a component unit of the State of Oklahoma, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We have also audited the financial statements of the discretely presented component unit Northern Oklahoma College Foundation, Inc. (the "Foundation"), a not-for-profit Oklahoma corporation organized to support the College, as of and for the year ended June 30, 2018. We conducted our audit of the College in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

INDEPENDENT AUDITORS' REPORT—CONTINUED

Auditors' Responsibility, Continued

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the College as of June 30, 2018, and the respective changes in financial position and, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States.

Emphasis of Matter

Adoption of New Accounting Pronouncements and Restatement of Previously Reported Balances

As discussed in Note A to the financial statements, the beginning net position as of July 1, 2017, has been restated to reflect the implementation of Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (GASB 75). Accordingly, adjustments have been made to the beginning balance of net position as of July 1, 2017. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis on pages i through viii, and the schedules of the College's pension and OPEB information as listed in the table of contents and on pages 37–41, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

INDEPENDENT AUDITORS' REPORT—CONTINUED

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2018, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Northern Oklahoma College
Management's Discussion and Analysis (Continued)
June 30, 2018 and 2017

The following discussion and analysis of the financial performance of Northern Oklahoma College (the College) provides an overview of the College's financial activities for the fiscal years ended June 30, 2018 and 2017. The analysis is intended to provide you, the reader, with a summary of significant financial activities and information and should be read in conjunction with the College's financial statements.

DISCUSSION OF THE BASIC FINANCIAL STATEMENTS

The 2018 and 2017 financial statements were prepared in accordance with Governmental Accounting Standards Board Statements No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* (GASB 34) and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*(GASB35). GASB 34 and 35 provides not only for the presentation of management's discussion and analysis but also provides for the following statements.

Statement of net position: This is a financial statement of the College as a whole. It is prepared on the accrual basis of accounting and presents all assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position of the College.

Statement of revenues, expenses and changes in net position: This statement is also prepared on the accrual basis of accounting and presents the overall operations of the College for the years ended June 30, 2018 and 2017.

Statement of cash flows: This statement is presented to provide a summary of how the College generated cash during the current year. This is basically done by taking the statement of revenues, expenses and changes in net position and presenting it on a cash basis. In accordance with GASB 34, the direct method of presentation is used to prepare this statement.

The College is presenting all of its financial statements as a business-type activity and has no "Fund" financial statements, as defined by GASB 34. The statement of net position is similar to a business balance sheet, which presents assets, liabilities and equity. In the College's case, equity is considered net position. The statement of revenues, expenses, and change in net position is equivalent to a business income statement, i.e., the results of operations for the current year. The statement of cash flows is very similar to that being used by businesses, in that it presents the cash activity of the College for the current year.

The June 30, 2017 financial statements presented in this Management Discussion and Analytical have not been restated to reflect implementation of GASB75. See Note A to the financial statements for the effect of restatement.

Statement of Net Position

The Statement of Net Position presents the financial position of the College at the end of the fiscal year. From the data presented, readers of the statement are able to determine the assets available to continue the operations of the College. They also are able to determine how much the College owes vendors, investors and lending institutions. Finally, the Statement of Net Position provides a picture of the net assets (assets plus deferred outflows minus liabilities and deferred inflows) and their availability to pay expenses of the College or as one way to measure the College's financial health or financial position.

Over time, increases and decreases in the College's net position are one indicator of whether its financial health is improving or worsening. You will also need to consider non-financial factors, however such as changes in the College's programs and degrees offered and accreditations status, enrollment levels, in addition to the condition of its physical facilities, to fully assess the overall health of the College.

Statement of Net Position (Continued)

During the period July 1, 2017 to June 30, 2018, the College's net position decreased by \$903,068. A significant decrease in current assets of \$12,851,049 and an increase of \$12,027,909 in noncurrent assets resulted in a total decrease of \$823,140 in total assets. The decrease in the current assets resulted primarily from a decrease in restricted cash and cash equivalents of \$11,808,013, a decrease in other receivables of \$218,115 and a decrease in cash and cash equivalents of \$752,993. In addition, current assets were impacted by an increase in accounts receivable of \$8,875, a decrease in inventories of \$78,700, and federal grants receivable decrease of \$2,103. The increase in the noncurrent assets resulted from acquisitions of capital assets of \$672,306, construction in progress of \$15,083,442 offset by depreciation expense of \$3,336,174. In addition, transfers from construction in progress to buildings and building improvements were \$2,872,686 and retirement of assets of \$116,941. Deferred Outflows of Resources resulted in a decrease of \$3,915,933 in deferred amounts related to OPEB and pensions due to the implementation of GASB 68 and GASB 75.

Statement of Cash Flows

The Statement of Cash Flows provides additional information about the College's financial results by reporting the major sources and uses of cash. This statement will assist in evaluating the College's ability to generate net cash flows, its ability to meet its obligations as they come due, and its need for external financing. The statement is divided into five sections. The first section deals with operating cash flows and shows the net cash used by the operating activities of the College. The second section reflects cash flows from non-capital financing activities. This section also reflects the cash received and spent for non-operating, non-investing, and non-capital financing purposes. The third section reflects cash flows from capital and related financing activities. This section also deals with the cash used for the acquisition and construction of capital and related assets. The fourth reflects the cash flows from investing activities and shows the purchases and proceeds of sales of investments, and interest received from investing activities. The fifth section reconciles the net cash used in operating activities to the operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position.

The following summarizes the College's cash flow for the year ending June 30:

Condensed Statement of Cash Flows

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and the expense incurred during the year. A public college's dependency on state appropriations and gifts will result in operating deficits (losses). The *Governmental Accounting Standards Board (GASB)* requires state appropriations and gifts to be classified as non-operating revenues.

The purpose of this statement is to present the revenues received by the College, both operating and non-operating, and the expenses paid by the institution, operating and non-operating, and any other revenues, expenses, gains and losses received or spent. Operating revenues are generally received for providing goods and services to various customers of the College. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the College. Non-operating revenues are revenues received for which goods and services are not provided. State appropriations are considered as non-operating revenues and are reported under "Non-operating Revenues (Expenses)."

The following summarized the College's revenues, expense and changes in net position, for the years ended June 30:

Operating Results

	June 30		Increase (Decrease)	Percent Change
	2018	2017		
Operating revenues:				
Tuition and fees, net	\$ 12,180,256	\$ 11,603,707	\$ 576,549	5%

Net operating income (loss)	\$ (19,245,955)	\$ (20,064,896)	\$ 818,941	-4%

During the period July 1, 2017 to June 30, 2018, the College's operating expenses decreased by \$3,411,166, and the total operating revenues decreased \$2,592,175. The decrease in operating revenues is attributable to a decrease in grants and contracts of \$54,869, a decrease in other of \$1,020,879, an increase in tuition and fees rates offset by a decline in credit hour production resulting in an increase in revenue of \$576,549, and a decrease in auxiliary services of \$2,092,976. The decrease in operating expenses is primarily attributable to a decrease in supplies and materials of \$3,248,362, a decrease in financial aid of \$434,396, offset by an increase in contractual services of \$687,260, a decrease in compensation of \$692,047, and an increase in utilities of \$113,939.

Statement of Revenues, Expenses and Changes in Net Position (Continued)

Net Position Summary, Continued

Current assets consist primarily of cash and cash equivalents totaling \$9,875,907. Included in cash equivalents are short-term investments that the College makes with the state treasurer. These dollars are invested in short-term repurchase agreements, and the College can use the monies on a daily basis. As such, these are considered cash equivalents.

Also included in current assets is \$817,526 of accounts receivable, \$4,046,984 of restricted cash and cash equivalents for the Stillwater classroom buildings construction, and \$810,773 due from federal grants. Inventories of \$241,612, which consists primarily of the bookstore inventories, are also included current assets.

Noncurrent assets consist of capital assets (land, buildings, structures, etc.) net of depreciation totaling \$58,166,244 and \$149,739 of restricted Net OTRS OPEB asset. Current liabilities include \$2,911,043 of accounts payable and accrued liabilities, \$100,724 of accrued payroll, \$676,173 of unearned revenue, \$334,311 of deposits held in custody for others, \$392,132 of accrued compensated absences, and \$3,072,195 of amounts due on principal of bonds and capitalized lease obligations in the next 12 months. Noncurrent liabilities consist primarily of capital lease obligations less the current portion of \$35,034,083 and net OTRS pension liability and OPEB obligation of \$23,711,083.

Net position totaled \$9,325,039, with \$19,763,744 as net investment in capital assets, i.e., this is property and equipment less bonded indebtedness. There is \$2,314,064 restricted for scholarships, \$7,310,645 restricted for capital projects, and 27,414 restricted for OPEB. Net position for unrestricted is (\$20,090,828) as a result of accounting for the implementation of GASB 68 and 75.

Operating revenues consist primarily of tuition and fees of \$12,180,256 and federal grants and contracts of \$2,104,424. There is also \$3,628,903 included in operating revenues from sales and services of the auxiliary enterprises (i.e., bookstore, dormitories, etc.). Operating expenses are presented in their natural classification, with the largest expense being compensation. Non-operating revenues and expenses consist primarily of state appropriations of \$7,907,477 and on-behalf contributions for OTRS of \$936,571, along with investment income of \$210,194 and interest expense of \$1,427,962. Non-operating revenues also include federal grants and contracts such as Pell and SEOG totaling \$7,824,521. For the year ended June 30, 2018, the College had a decrease in net position of 903,068. Included in the decrease in net position are \$576,549 increase in tuition and fees, and off set by \$1,020,879 decrease in other sources, \$2,092,976 decrease in auxiliary services, \$54,869 decrease in federal grants and contracts, \$887,800 decrease in state appropriations restricted for capital purposes, and a \$3,411,116 decrease in operating expenses.

Capital Assets

As of June 30, 2018, the College had a net book value of fixed assets of \$58,166,244 compared to \$45,746,670 at June 30, 2017. In the current year, additions to construction in progress, land, improvements, infrastructure and buildings were \$15,083,442, while purchases of machinery and equipment were \$672,306. Depreciation recorded for 2018 and 2017, was \$3,336,174 and \$3,330,318 respectively.

Capital Financing

The College has nine capital leases outstanding. These obligations include one lease for the purchase of the Enid campus, one lease for the construction of the Wellness Center in Tonkawa, one lease for the Construction of New Residence Halls on the Tonkawa and Enid Campuses, one for Renovation of Residence Halls/Cafeterias on the Tonkawa and Enid Campuses, and one lease associated with the performance contract for energy management, one for the construction of the new classroom building in Stillwater, and one for the renovation of the Cultural Engagement Center in the Vineyard Library-Administration Building. The remaining two leases are associated with the OCIA Bond issue for Wilkin Hall – Phase II Renovation, Nursing and Communications Building, Enid Campus Renovations, Vineyard Library/Administration Renovation and Expansion, and New Classroom Building-Stillwater.

In November 2016, the College entered into a capital lease obligation for the ODFA Master Real Property Lease Series 2016G in the amount of \$15,159,000. Total lease payments over the term of the agreement, beginning December 15, 2016, will be \$20,379,970. Payments will be made monthly ranging from \$43,318 to \$97,350. Proceeds from the obligation will be used for the construction of Stillwater Classroom Building.

In June 2017, the College entered into a capital lease obligation for the ODFA Master Real Property Lease Series 2017A in the amount of \$190,000. Total lease payments over the term of the agreement, beginning July 15, 2017, will be \$197,187. Payments will be made monthly ranging from \$174 to \$10,694. Proceeds from the obligation will be used for the renovation project related to the Native American Serving Nontribal Institutions Program for the Cultural Engagement Center.

In July 2014, the College entered into a capital lease obligation for the ODFA Master Real Property Lease Series 2014D in the amount of \$3,868,000. Total lease payments over the term of the agreement, beginning August 15, 2014 through May 15, 2029, will be \$5,061,127. Payments will be made monthly ranging from \$14,130 to \$14,741. Proceeds from the obligation were used for the construction of residence halls on the Enid and Tonkawa campuses.

On April 24, 2014, the College entered into a capital lease obligation for the ODFA Master Real Property Lease Series 2014C in the amount of \$9,856,000. Total lease payments over the term of the agreement, beginning May 15, 2014 through May 15, 2034, will be \$14,162,748. Payments will be made monthly ranging from \$26,868 to \$29,551. Proceeds from the obligation were used for the construction of dormitories on the Enid and Tonkawa campuses.

Capital Financing, Continued

In fiscal year 2006, the Oklahoma Capital Improvement Authority issued State Facilities Revenue Bonds (Higher Education Projects) Series 2005F and 2005G for which the College entered into a lease agreement with OCIA for a portion of these bond proceeds totaling \$14,293,235. The revenue bond projects for Northern Oklahoma College include Wilkin Hall – Phase II Renovation, Nursing and Communications Building, Enid Campus Renovations, Vineyard Library/Administration Renovation and Expansion, and New Classroom Building-Stillwater. In August 2010, the College's 2005F lease agreement with the OCIA was restructured through a partial refunding of OCIA's 2005F bond debt. OCIA issued two new bonds, Series 2010A and 2010B. On April 9, 2014, the College's remaining 2005 lease agreement with OCIA was restructured through a partial refunding of the Series 2005F bonds. OCIA issued new bonds, Series 2014A, to accomplish the refunding. This refinancing resulted in an aggregate difference in principal and interest between the original lease agreement and the refinanced lease agreement of \$941,724, which approximates the economic savings of the transaction.

During fiscal 2004, the Oklahoma Development Authority (the Authority) issued The Oklahoma Development Finance Authority Public Facilities Financing program Revenue Refunding Bonds, Series 2004 (Northern Oklahoma College) in the amount of \$3,365,000. The bonds were issued to refinance the outstanding series 1999 Revenue Bonds. The revenue bonds (Oklahoma Development Finance Authority Revenue Bond, Series 1999) were issued by the College to purchase the Phillips University Campus in Enid. During fiscal year 2014, the ODFA master lease revenue funding bonds, Series 2013B; refinanced the outstanding revenue bond balance of \$1,600,000. On January 23, 2014, the College entered into a capital lease obligation for the ODFA Master Real Property Lease Series 2013B in the amount of \$1,036,000, to refund the ODFA Series 2004 Revenue Bonds. Payments will be made monthly ranging from \$21,120 to \$23,901. The net present value of the savings for the refunding of the Series 2004 Revenue Bonds was \$240,972. Total lease payments over the term of the agreement, beginning February 15, 2014 through May 15, 2018, were \$1,127,151. These bonds were retired with the payoff in the year ending June 30, 2018.

The capital lease obligation to the Oklahoma Capitol Improvement Authority (OCIA) originated during the year ended June 30, 2000. Proceeds from the OCIA lease were used to construct the Wellness Center. The Oklahoma State legislature appropriates revenues each year to fund the amount of principal and interest due for that year.

In 2013, the College entered into a capital lease of \$5,153,100 with an interest rate of 2.95% maturing August 2022 to finance the performance contract for energy management improvements on the Tonkawa and Enid campuses.

Additional details concerning the College's capital financing activities can be found in Note I to the financial statements.

Management's Discussion and Analysis (Continued)
June 30, 2018 and 2017**

**DESCRIPTION OF CURRENTLY KNOWN FACTS, DECISIONS, OR
CONDITIONS THAT ARE EXPECTED TO HAVE A SIGNIFICANT EFFECT
ON THE FINANCIAL POSITION OR RESULTS OF OPERATIONS**

The operating budget for the year July 1, 2018 to June 30, 2019, has been approved, and the estimated amount of state appropriations to be received is \$7,792,275 which reflects a 0.61% decrease in funding for Northern Oklahoma College as compared to the adjusted base for year ended June 30, 2018. The College did implement tuition and mandatory fee increase of 7.0% for the fiscal year ended June 30, 2019 to fund mandatory cost increases and budget priorities. The College continually monitors revenue and expenditures in order to maintain adequate reserve balances to ensure the College's financial viability. The College will continue to monitor enrollment as well as the state and national economic conditions as part of our financial decision making process and will strive to develop scenarios to reduce costs and increase operating revenues to protect critical academic programming, while being sensitive to our student needs. Presently, the College does not anticipate any other significant change in operations, nor are there any items pending that could have a significant effect on the financial position or operating results of the College.

NORTHERN OKLAHOMA COLLEGE

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: Northern Oklahoma College (the “College”) is a two-year, state supported college operating under the jurisdiction of the Board of Regents of Northern Oklahoma College (the Board of Regents) and the Oklahoma State Regents for Higher Education. The College is a component unit of the State of Oklahoma and is included in the general-purpose financial statements of the State of Oklahoma. The College has three campuses located in Tonkawa, Enid and Stillwater.

Reporting Entity: The Northern Oklahoma College Foundation, Inc. (the “Foundation”) is a legally separate, tax-exempt component unit of the College. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. Although the College does not control the timing and amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College’s financial statements.

The Foundation is a nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards over accounting for not-for-profit organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences.

Although the College is the exclusive beneficiary of the Foundation, the Foundation is independent of the College in all respects. The Foundation is not a subsidiary or affiliate of the College and is not directly or indirectly controlled by the College. Moreover, the assets of the Foundation are the exclusive property of the Foundation and do not belong to the College. The College is not accountable for, and does not have ownership of, any of the financial and capital resources of the Foundation. The College does not have the power or authority to mortgage, pledge, or encumber the assets of the Foundation. The Board of Trustees of the Foundation is entitled to make all decisions regarding the business and affairs of the Foundation, including, without limitation, distributions made to the College. Third parties dealing with the College should not rely upon the financial statements of the Foundation for any purpose without consideration of all of the foregoing conditions and limitations.

Fiduciary Funds—Fiduciary Funds are used to report assets held in a trustee or agency capacity for third parties and therefore are not available to support College programs. The reporting focus is upon net position and changes in net position and employs accounting principles similar to proprietary funds. The College maintains a fiduciary fund in connection with its participation in the Oklahoma Higher Education Employee Interlocal Group (OKHEEI). OKHEEI is a group of colleges and universities which have collectively formed a risk pool for the purpose of providing health care benefits. OKHEEI assesses premiums for employees of member colleges. The premiums are then used to pay eligible health care claims. Funds held by the College are for the benefit and use of OKHEEI, as such, the funds are reflected as a fiduciary fund as the monies are not available for use by or for the College.

Agency Funds—Agency Funds are used to report resources held by the College in a purely custodial capacity (assets equal liabilities). Agency fund assets and liabilities are recognized using the accrual basis of accounting. The College has one agency fund for OKHEEI.

See Independent Auditors’ Report.

NORTHERN OKLAHOMA COLLEGE

NOTES TO FINANCIAL STATEMENTS—CONTINUED

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—CONTINUED

Measurement Focus and Basis of Accounting: The College's financial statements are presented in accordance with the requirements of GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* (GASB 34), and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public College and Universities* (GASB 35). Under GASB Statements No. 34 and 35, the College is required to present a statement of net position classified between current and noncurrent assets and liabilities, a statement of revenues, expenses and changes in net position, with separate presentation for operating and nonoperating revenues and expenses, and a statement of cash flows using the direct method.

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Cash Equivalents: For purposes of the statements of cash flows, the College considers all highly liquid investments with an original maturity of 3 months or less to be cash equivalents.

Deposits and Investments: The College accounts for its investments at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Changes in unrealized gains (losses) on the carrying values of investments are reported as a component of investment income in the statements of revenues, expenses, and changes in net position. Investments that are externally restricted to make debt service payments, maintain sinking or reserve funds, or purchase capital or other noncurrent assets are classified as restricted assets in the statements of net position. In accordance with GASB Statement No. 40, *Deposit and Investment Risk Disclosures—an Amendment of GASB Statement No. 3* (GASB 40), the College has disclosed its deposit and investment policies related to the risks identified in GASB 40.

As noted above, investments are recorded at fair value, as determined by quoted market prices. In accordance with generally accepted accounting principles (GAAP) authoritative guidance on fair value measurements and disclosures, the College's investments measured and reported at fair value are classified according to the following hierarchal input levels:

Level 1—Unadjusted quoted prices in active markets for identical assets.

Level 2—Quoted prices for similar assets, or inputs that are observable or other forms of market corroborated inputs.

Level 3—Pricing based on best available information, including primarily unobservable inputs and assumptions market participants would use in pricing the asset.

In addition to the above three levels, if an investment does not have a readily determined fair value, the investment can be measured using net asset value (NAV) per share (or its equivalent). Investments valued at NAV are categorized as NAV and not listed as Level 1, 2, or 3. At June 30, 2018, the College had no investments.

See Independent Auditors' Report.

NORTHERN OKLAHOMA COLLEGE

NOTES TO FINANCIAL STATEMENTS—CONTINUED

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—CONTINUED

Inventories: Inventories consist of books and supplies held for resale at the bookstore, which are valued at the lower of cost, determined using the first-in, first-out method, or market.

Accounts Receivable and Other Receivables: Accounts receivable consists of tuition and fee charges to students and to auxiliary enterprise services provided to students, faculty and staff, the majority of each residing in the State of Oklahoma. Student accounts receivable are carried at the unpaid balance of the original amount billed to students and student loans receivable are carried at the amount of unpaid principal. Both receivables are less an estimate made for doubtful accounts based on a review of all outstanding amounts. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Student accounts are written off for financial reporting purposes when deemed uncollectible. Recoveries of student accounts receivable previously written off are recorded when received.

A student account receivable and student loan receivable is considered to be past due if any portion of the receivable balance is outstanding after the end of the semester. Interest and late charges are not generally assessed and, if they are assessed, are not included in income until received.

Grants Receivable: Grants receivable include amounts due from federal, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts. No allowance for doubtful accounts has been provided for grants receivable.

Restricted Cash and Investments: Cash and investments that are externally restricted to make debt service payments, maintain sinking or reserve funds, or purchase capital or other noncurrent assets, are classified as restricted assets in the statement of net position.

Unearned Revenues: Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period.

Capital Assets: Capital assets are recorded at cost on the date of the acquisition or the acquisition value if acquired by gift. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more, and an estimated useful life of greater than one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of each asset. The following estimated useful lives are being used by the College:

Land improvements	5-20 years
Buildings and improvements	up to 40 years
Furniture, fixtures and equipment	5-10 years
Infrastructure	5-20 years

Leasehold improvements made pursuant to property with 1-year lease agreements are capitalized for control purposes and amortized over a 1-year period.

Costs incurred during construction of long-lived assets are recorded as construction in progress and are not depreciated until placed in service.

See Independent Auditors' Report.

NORTHERN OKLAHOMA COLLEGE

NOTES TO FINANCIAL STATEMENTS—CONTINUED

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—CONTINUED

Compensated Absences: Employees of the College earn accrued vacation or leave at the rate of 8 to 12 hours per month, depending on the length of employment. The liability for and expense incurred are recorded at year-end as accrued compensated absences in the statements of net position, and as a component of compensation and benefit expense in the statements of revenues, expenses, and changes in net position.

Noncurrent Liabilities: Noncurrent liabilities include (1) principal amounts of revenue bonds payable, notes payable, and capital lease obligations with contractual maturities greater than 1 year, and (2) net pension liability and total OPEB liability.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Position: The College's net position is classified as follows:

Net investment in capital assets: This represents the College's capital assets, net of accumulated depreciation, reduced by outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted net position—expendable: Restricted expendable net position include resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted net position—nonexpendable: Nonexpendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income which may either be expended or added to principal.

Unrestricted net position: Unrestricted net position represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the education and general operations of the College, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense towards restricted resources, and then towards unrestricted resources.

See Independent Auditors' Report.

NORTHERN OKLAHOMA COLLEGE

NOTES TO FINANCIAL STATEMENTS—CONTINUED

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—CONTINUED

Classification of Revenues: The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of educational departments and of auxiliary enterprises, net of scholarship discounts and allowances, and (3) certain federal, state and nongovernmental grants and contracts.

Non-operating revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, student aid revenues, and other revenue sources that are defined as non-operating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as state appropriations and investment income.

Income Taxes: The College, as a political subdivision of the State of Oklahoma, is exempt from all federal income taxes under Section 115(1) of the Internal Revenue Code, as amended. However, the College may be subject to income taxes on unrelated business income under Internal Revenue Code Section 511(a)(2)(B).

Scholarship Discounts and Allowances: Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between and stated charge for goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as either operating or nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

Deferred Outflows of Resources and Deferred Inflow of Resources: Deferred outflows are the consumption of net position by the College that are applicable to a future reporting period. Deferred inflows are the acquisition of net position by the College that are applicable to a future reporting period. At June 30, 2018, the College's deferred outflows and deferred inflows of resources were related to pension and OPEB sources.

Pension and Other Postemployment Benefits: For purposes of measuring the net pension liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position of the Oklahoma Teachers Retirement System (OTRS) and additions to/deductions from OTRS's fiduciary net position have been determined on the same basis as they are reported by OTRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the total OPEB liability and OPEB expense for the single employer health insurance substantive plan. The measurement has been prepared in accordance with GASB Statement No. 75.

Restatement: The July 1, 2017, beginning net position has been restated to reflect the implementation of GASB 75. The effect of the restatement is as follows:

Implementation of GASB Statement No. 75	(1,712,245)
Beginning net position, restated	<u><u>\$8,515,862</u></u>

New Accounting Pronouncements:

New Accounting Pronouncement Adopted—

In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (GASB 75). GASB 75 addresses employer and governmental non-employer contributing entities' accounting and financial reporting when participating in an other postemployment benefit (OPEB) plan. This statement requires proper recognition of OPEB liabilities by employers and requires a more comprehensive measure of OPEB expense. More robust disclosures will also improve transparency and accountability. GASB 75 is effective for financial statements for the periods beginning after June 15, 2017. The College adopted GASB 75 effective July 1, 2017, for the June 30, 2018, reporting year. The adoption had significant impact on the financial statements.

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* (GASB 89). GASB 89 directs that interest costs incurred during the construction period of an asset be expensed in the period incurred. GASB 89 changes previous guidance regarding capitalized construction costs where such costs were typically included in the capitalized cost of the asset constructed and depreciated over time. The College adopted GASB 89 effective July 1, 2018, for the June 30, 2018, reporting year. The adoption did not have a significant impact on the College's financial statements.

New Accounting Pronouncements Not Yet Adopted—

In November 2016, GASB issued Statement No. 83, *Certain Asset Retirement Obligations* (GASB 83). GASB 83 provides accounting and reporting requirements for certain asset retirement obligations (ARO) that arise from legally enforceable liabilities associated with the retirement of certain tangible capital assets. ARO's require an internal and external obligating event and the costs to be reasonable estimable for the incurrence of such a liability. The College will adopt GASB 83 effective July 1, 2018, for the June 30, 2019, reporting year. The College does not expect GASB 83 to have a significant impact on the financial statements.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities* (GASB 84). GASB 84 improves guidance regarding the recognition and reporting of fiduciary activities. GASB 84 identifies four types of reportable fiduciary fund types, including 1) pension (and other employee benefit) trust funds, 2) investment trust funds, 3) private-purpose trust funds, and 4) custodial funds. GASB 84 outlines the accounting and disclosure requirements for operating structures that qualify as a fiduciary activity. The College will adopt GASB 84 effective July 1, 2019, for the June 30, 2020, reporting year. The College does not expect GASB 84 to have a significant impact on the financial statements.

New Accounting Pronouncements—Continued:

New Accounting Pronouncements Not Yet Adopted—Continued—

In June 2017, GASB issued Statement No. 87, *Leases* (GASB 87). GASB 87 defines a lease as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. GASB 87 improves accounting and financial reporting for leases by governments by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The College has not determined the impact of GASB 87 on the financial statements.

In March 2018, GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* (GASB 88). GASB 88 provides certain clarifications regarding debt as a liability and identifies additional required disclosures related to debt, including direct borrowings and direct placements of debt. The College will adopt GASB 88 on July 1, 2019, for the June 30, 2020, reporting year. The College does not expect GASB 88 to have a significant impact on the financial statements.

Subsequent Events: Management has evaluated subsequent events through October 25, 2018, the date which the financial statements were available to be issued, and determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

NOTE B--DEPOSITS AND INVESTMENTS

Deposits: *Custodial credit risk* is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The College's deposit policy for custodial credit risk is described as follows:

Oklahoma Statutes require the State Treasurer to ensure that all state funds either be insured by Federal Deposit Insurance, collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations. The College's deposits with the State Treasurer are pooled with the funds of other state agencies and then, in accordance with statutory limitations, placed in financial institutions or invested as the State Treasurer may determine, in the State's name.

See Independent Auditors' Report.

NOTE B--DEPOSITS AND INVESTMENTS—CONTINUED

Deposits—Continued:

The College requires that balances on deposit with financial institutions, including trustees related to the College's bond indenture and capital lease agreements, be insured by Federal Deposit Insurance or collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. government obligations in the College's name.

At June 30, 2018, the carrying amount of the College's deposits was \$13,922,891. This amount consisted of deposits with the State Treasurer of \$10,086,088 and \$4,046,984 with a financial institution at June 30, 2018, net of outstanding checks.

Some deposits with the State Treasurer are placed in the State Treasurer's internal investment pool, *OK INVEST*. *OK INVEST* pools the resources of all state funds and agencies and invests them in obligations of the U.S. government, its agencies and instrumentalities, including agency senior debt and mortgage-backed pass-through securities, tri-party repurchase agreements, money market mutual funds, collateralized certificates of deposit, commercial paper, obligations of state and local governments, and State of Israel Bonds. Various other investments, as allowed by law, may be added to the *OK INVEST* portfolio, as the State Treasurer determines, without formal revision to its policy statement. Amounts invested in *OK INVEST* totaled \$7,935,955, which includes \$497,415 of fiduciary funds, at June 30, 2018. For financial reporting purposes, deposits with the State Treasurer that are invested in *OK INVEST* are classified as cash equivalents.

Agencies and funds that are considered to be part of the State's reporting entity in the State's Comprehensive Annual Financial Report are allowed to participate in *OK INVEST*. Oklahoma statutes and the State Treasurer establish the primary objectives and guidelines governing the investment of funds in *OK INVEST*. Safety, liquidity, and return on investment are the objectives which establish the framework for the day-to-day *OK INVEST* management, with an emphasis on safety of the capital and the probable income to be derived and meeting the State's daily cash flow requirements. Guidelines in the Investment Policy address credit quality requirements and diversification percentages and specify the types and maturities of allowable investments. The State Treasurer, at his discretion, may further limit or restrict such investments on a day-to-day basis. *OK INVEST* includes a substantial investment in securities with an overnight maturity, as well as in U.S. government securities with a maturity of up to 10 years. *OK INVEST* maintains an overall weighted average maturity of no more than 4 years.

NOTE B--DEPOSITS AND INVESTMENTS—CONTINUED

Deposits—Continued:

Participants in *OK INVEST* maintain an interest in its underlying investments and, accordingly, may be exposed to certain risks. As stated in the State Treasurer information statement, the main risks are interest rate risk, credit/default risk, liquidity risk, and U.S. government securities risk.

- *Credit/default risk* is the risk that an issuer or guarantor of a security, or a bank or other financial institution that has entered into a repurchase agreement, may default on its payment obligations.
- *Liquidity risk* is the risk that *OK INVEST* will be unable to pay redemption proceeds within the stated time period because of unusual market conditions, an unusually high volume of redemption requests, or other reasons.
- *U.S. governmental securities risk* is the risk that the U.S. government will not provide financial support to U.S. government agencies, instrumentalities, or sponsored enterprises if it is not obligated to do so by law. Various investment restrictions and limitations are enumerated in the State Treasurer's Investment Policy to mitigate those risks; however, any interest in *OK INVEST* is not insured or guaranteed by the State, the FDIC, or any other government agency.

Interest Rate Risk: The College does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Cash equivalents on deposit with the Oklahoma State Regents' Endowment Trust fund at June 30, 2018, totaled \$22,906. The Oklahoma State Regents for Higher Education holds for the College endowed gifts totaling \$447,191. Any earnings distributed are to be used for the College's activities associated with the endowment program.

NOTE B--DEPOSITS AND INVESTMENTS—CONTINUED

Credit Risk: All U.S. government obligations are held by the Federal Reserve Bank in the name of the College. Title 70, Section 4306 of the Oklahoma Statutes directs, authorizes, and empowers the College's Board of Regents to hold, invest, or sell donor-restricted endowments in a manner which is consistent with the terms of the gift as stipulated by the donor and with the provision of any applicable laws.

The Board of Regents has authorized short-term funds to be invested in any security currently available through the Oklahoma State Treasurer's Office. Generally, these include direct obligations of the U.S. government and its agencies, certificates of deposit, and demand deposits. The Board of Regents has authorized endowment and similar funds to be invested in direct obligations of the U.S. government and its agencies, certificates of deposit, prime commercial paper, bankers' acceptances, demand deposits, corporate debt (no bond below a *Single A* rating by Moody's Investors Service or Standard & Poor's Corporation may be purchased), convertible securities, and equity securities.

NOTE C--ACCOUNTS RECEIVABLE

Accounts receivable consist of the following at June 30, 2018:

Student tuition and fees	\$	6,386,594
Less: Allowance for doubtful accounts		(5,569,068)
	\$	<u>817,526</u>

NOTE D--GRANTS RECEIVABLE AND OTHER RECEIVABLES

Other receivables consist of the following at June 30, 2018:

Grants receivable	\$	810,773
Loans receivable		50,253
Other receivables		13,295
	\$	<u>874,321</u>

NOTE E--LOANS RECEIVABLE

Student loans made through Federal Perkins Loans Program (the Program) comprise a portion of the loans receivable at June 30, 2018. There were no federal or institutional contributions to the Program during 2018.

As the College determines loans are uncollectible and not eligible for reimbursement by the federal government, the loans are written off and assigned to the U.S. Department of Education. The College has provided an allowance for uncollectible loans, which in management's opinion, is sufficient to absorb loans, which will ultimately be written off. The allowance for uncollectible loans was approximately \$203,000, at June 30, 2018, which represents 100% of the loan receivable balance, resulting in a net carrying amount of zero at June 30, 2018.

Construction in progress primarily relates to construction and building renovation projects which include a new classroom building in Stillwater and renovations on the Tonkawa campus. The projects are funded through capital project funds.

NOTE G--FUNDS HELD IN TRUST BY OTHERS

The College has a beneficial interest in the “Section Thirteen Fund State Educational Institutions” and the “New College Fund,” administered by the Commissioners of the Land Office, as trustees for the various educational institutions entitled thereto.

The College has the right to receive annually approximately 3.33% of the distributions of income produced by “Section Thirteen Fund State Education Institutions” assets and 100% of the distributions of income produced by the Northern Oklahoma College “New College Fund.”

The College received \$2,842,770, during the year ended June 30, 2018, which is restricted to the construction or acquisition of buildings, equipment, or other capital items. These amounts are recorded as state appropriations restricted for capital purposes. State law prohibits the distribution of any corpus of these funds to the beneficiaries. The total trust reserve (market value) for the College held in the trust by the Commissioners of the Land Office was \$55,788,498, at June 30, 2018.

The College has pledged future revenues from the “Section Thirteen Fund State Educational Institutions” and the “New College Fund” as repayment on the master leases.

NOTE I--LEASE COMMITMENTS

Oklahoma Capital Improvement Authority: The leases payable consist of bonds issued by the Oklahoma Capital Improvement Authority (OCIA) to build, improve and remodel facilities at various higher education and other institutions in Oklahoma. Funds are received from OCIA as needed to fund construction projects. The College's pro rata share of bonds has been recorded as leases payable.

Series 2004A and 2014B—In 2014, the College's 2004A lease agreement with OCIA was refunded by Series 2014B, with OCIA. As a result, the total liability of the remaining 2004A bonds were refunded by the 2014B bonds. The restructured lease agreement with OCIA secures the OCIA bond indebtedness and any future indebtedness that might be issued to refund earlier bond issues. The College's aforementioned lease agreement with OCIA was automatically restructured to secure the new bond issues.

The College's property under the refunded OCIA capital lease is summarized as follows:

Series 2010A and 2014A&B—The 2006 legislative session authorized the issuance of OCIA Bond Issue 2005F and 2005G, for which the College entered into a lease agreement with OCIA for a portion of these bond proceeds with varying terms of repayment.

In August 2010, the College’s 2005F lease agreement with the OCIA was restructured through a partial refunding of OCIA’s 2005F bond debt. OCIA issued two new bonds, Series 2010A and 2010B. The College’s lease agreements with OCIA secure the OCIA bond debt and any future debt that might be issued to refund earlier bond issues. OCIA issued this new debt to provide budgetary relief for fiscal years 2011 and 2012 by extending and restructuring debt service. Consequently, the College’s lease agreement with OCIA was automatically restructured to secure the new bond issues. This lease restructuring had extended certain principal payments into the future.

In April 2014, the College’s remaining 2005 lease agreement with OCIA was restructured through a partial refunding of the Series 2005F bonds. OCIA issued new bonds, Series 2014A, to accomplish the refunding. The restructured lease agreement with OCIA secures the OCIA bond indebtedness and any future indebtedness that might be issued to refund earlier bond issues. The College’s aforementioned lease agreement with OCIA was automatically restructured to secure the new bond issues.

The College’s property under the OCIA capital lease is summarized as follows:

The College also entered into a 60-month agreement to lease office equipment in 2017 for \$3,760 per month. The related rental expense was approximately \$45,000 for the year ended June 30, 2018.

NOTE J--EMPLOYEE RETIREMENT PLAN

Plan Description: The College, as the employer, participates in the Oklahoma Teachers Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Teachers Retirement System (OTRS or the “System”). Title 70 O. S. Sec. 17-105 defines all retirement benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at www.ok.gov/OTRS

Benefits Provided: OTRS provides retirement, disability, and death benefits to members of the plan. Benefit provisions include:

- Members become 100% vested in retirement benefits earned to date after 5 years of credited Oklahoma service. Members who joined the System on June 30, 1992, or prior are eligible to retire at maximum benefits when age and years of creditable service total 80. Members joining the System after June 30, 1992, are eligible for maximum benefits when their age and years of creditable service total 90. Members whose age and service do not equal the eligible limit may receive reduced benefits as early as age 55, and at age 62 receive unreduced benefits based on their years of service. The maximum retirement benefit is equal to 2% of final compensation for each year of credited service.
- Final compensation for members who joined the System prior to July 1, 1992, is defined as the average salary for the 3 highest years of compensation. Final compensation for members joining the System after June 30, 1992, is defined as the average of the highest 5 consecutive years of annual compensation in which contributions have been made. The final average compensation is limited for service credit accumulated prior to July 1, 1995, to \$40,000 or \$25,000, depending on the member’s election. Monthly benefits are 1/12 of this amount. Service credits accumulated after June 30, 1995, are calculated based on each member’s final average compensation, except for certain employees of the two comprehensive universities. Upon the death of a member who has not yet retired, the designated beneficiary shall receive the member’s total contributions plus 100% of interest earned through the end of the fiscal year, with interest rates varying based on time of service. A surviving spouse of a qualified member may elect to receive, in lieu of the aforementioned benefits, the retirement benefit the member was entitled to at the time of death as provided under the Joint Survivor Benefit Option.
- Upon the death of a retired member, the System will pay \$5,000 to the designated beneficiary, in addition to the benefits provided for the retirement option selected by the member.

NOTE J--EMPLOYEE RETIREMENT PLAN—CONTINUED

Benefits Provided—Continued:

- A member is eligible for disability benefits after 10 years of credited Oklahoma service. The disability benefit is equal to 2% of final average compensation for the applicable years of credited service.
- Upon separation from the System, members' contributions are refundable with interest based on certain restrictions provided in the plan, or by the IRC.
- Members may elect to make additional contributions to a tax-sheltered annuity program up to the exclusion allowance provided under the IRC under Code Section 403(b).

Contributions: The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute, amended by the Oklahoma Legislature, and are not based on actuarial calculations. Employees are required to contribute 7% percent of their annual pay. Participating employers are required to contribute 9.5% of the employees' annual pay and an additional 7.7% for any employees' salaries covered by federal funds. A portion of the contributions received by OTRS are allocated to the Supplemental Health Insurance program; see Note K. Contributions to the pension plan from the College were \$1,401,073 for the year ended June 30, 2018. The State of Oklahoma also made on-behalf contributions to OTRS, of which \$936,571 was recognized by the College for the year ended June 30, 2018; these on-behalf payments did not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At June 30, 2018, the College reported a liability of \$22,233,062 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The College's proportion of the net pension liability was based on the College's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2017. Based upon this information, the College's proportion was 0.3358% percent.

For the year ended June 30, 2018, the College recognized pension expense of \$2,648,632. At June 30, 2018, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 1,517,910
Changes of assumptions	2,638,453	1,329,051

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions—Continued:

There was \$1,401,073 reported as deferred outflows of resources related to pensions resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30:</u>	
2019	\$ 43,812

Total	<u>\$ 1,130,634</u>

Actuarial Assumptions: The total pension liability as of June 30, 2017, was determined based on an actuarial valuation prepared as if June 30, 2017, using the following actuarial assumptions:

- Actuarial cost method—Entry Age Normal
- Inflation—2.50%
- Future Ad Hoc cost-of-living increases—None
- Salary increases—Composed of 3.25% wage inflation, including 2.50% price inflation, plus a service-related component ranging from 0.00% to 8.00% based on years of service.
- Investment rate of return—7.50%
- Retirement age—Experience-based table of rates based on age, service, and gender. Adopted by the Board in May 2015 in conjunction with the 5-year experience study for the period ending June 30, 2014.
- Mortality rates after retirement—Males: RP-2000 Combined Healthy Mortality Table for Males with White Collar Adjustments. Generational mortality improvements in accordance with Scale BB from table's base year of 2000. Females: GRS Southwest Region Teacher Mortality Table, scaled at 105%. Actuarial Assumptions—Continued:

The target asset allocation and best estimates of arithmetic expected real rates of return for each major asset class as of June 30, 2017, are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	38.50%	7.50%
International equity	19.00%	8.50%
Fixed income	23.50%	2.50%
Real estate*	9.00%	4.50%
Alternative assets	<u>10.00%</u>	6.10%
	<u>100.00%</u>	

*The real estate total expected return is a combination of U.S. Direct Real Estate (unleveraged) and U.S. Value Added Real Estate (unleveraged).

Discount Rate: A single discount rate of 7.50% was used to measure the total pension liability as of June 30, 2017. This single discount rate was based solely on the expected rate of return on pension plan investments of 7.50%. Based on the stated assumptions and the projection of cash flows, the pension plan’s fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels and remain a level percentage of payrolls. The projection of cash flows also assumed that the State’s contribution plus the matching contributions will remain a constant percent of projected member payroll based on the past 5 years of actual contributions.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate: The following presents the net pension liability of the College calculated using the discount rate of 7.5%, as well as what the College's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	<u>1% Decrease (6.5%)</u>	<u>Current Discount Rate (7.5%)</u>	<u>1% Increase (8.5%)</u>
College's net pension liability	\$ 31,741,738	\$ 22,233,062	\$ 15,290,333

Pension Plan Fiduciary Net Position: Detailed information about the pension plan’s fiduciary net position is available in the separately issued financial report of the OTRS; which can be located at www.ok.gov/OTRS.

NOTE K--OTHER POST EMPLOYMENT BENEFIT PLANS

The College participates in two employee other post-employment benefit plans as described:

<u>Name of Plan/System</u>	<u>Type of Plan</u>
Supplemental Health Insurance Program (OTRS)	Cost Sharing Multiple Employer – Defined Benefit Plan
NOC Employee Health Plan	Single Employer - Defined Benefit Plan

A summary of all the amounts recorded in the College’s financial statements for the plans is as follows:

	<u>Plan Totals</u>
Net OPEB Asset:	
Supplemental Health Insurance Plan	\$ 149,739
Total	<u>\$ 149,739</u>
Deferred Outflows of Resources:	
Supplemental Health Insurance Plan	\$ 22,302

OPEB (Benefit) Expense:	
Supplemental Health Insurance Plan	\$ (5,534)
NOC Employee Health Plan	168,349
Total	<u>\$ 162,815</u>

Supplemental Health Insurance Program:

Plan Description—The College as the employer, participates in the Supplemental Health Insurance Program—a cost-sharing multiple-employer defined benefit OPEB plan administered by OTRS. Title 74 O. S. Sec. 1316.3 defines the health insurance benefits. The authority to establish and amend benefit provisions rests with the State Legislature. OTRS issues a publicly available financial report that can be obtained at www.ok.gov/OTRS

Benefits Provided—OTRS pays a medical insurance supplement to eligible members who elect to continue their employer provided health insurance. The supplement payment is between \$100 and \$105 per month, remitted to the Oklahoma Higher Education Employee Interlocal Group (“OKHEEP”), provided the member has ten (10) years of Oklahoma service prior to retirement.

Supplemental Health Insurance Program—Continued:

Contributions—Employer and employee contributions are made based upon the OTRS Plan provisions contained in Title 70, as amended. However, the statutes do not specify or identify any particular contribution source to pay the health insurance subsidy. Based on the contribution requirements of Title 70 employers and employees contribute a single amount based on a single contribution rate as described in Note J; from this amount OTRS allocates a portion of the contributions to the supplemental health insurance program. The cost of the supplemental health insurance program averages 1.5% of normal cost, as determined by an actuarial valuation. Contributions allocated to the OPEB plan from the College were \$22,246.

OPEB Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB—At June 30, 2018, the College reported an asset of \$149,739 for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2017, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2017. The College’s proportion of the net OPEB asset was based on the College’s contributions received by the OPEB plan relative to the total contributions received by the OPEB plan for all participating employers as of June 30, 2017. Based upon this information, the College’s proportion was 0.3358%.

For the year ended June 30, 2018, the College recognized OPEB income of \$5,534. At June 30, 2018, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 40,192
Net difference between projected and actual earnings on OPEB plan investments	-	82,133
Differences between College contributions and proportionate share of contributions	56	-
College contributions subsequent to the measurement date	22,246	-
Total	<u>\$ 22,302</u>	<u>\$ 122,325</u>

There was \$22,246 reported as deferred outflows of resources related to OPEB resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB asset in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

The College’s Board of Regents has the authority to establish and amend benefit provisions. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided—The College provides medical, dental, and vision benefits to eligible retirees and their dependents through the Oklahoma Higher Education Employee Interlocal Group. The College pays the full contribution rate for the retiree’s coverages and for any other elected dependent dental and vision coverages if they have retired from OTRS under the Rule of 80 or 90. An employee who chooses to exercise the personal early retirement option at age 58 or older and with at least 15 years of consecutive service may request health and dental be continued with the College covering 50% of the premiums. The medical rates for pre-65 retirees are the same as the rates for active employees so the benefit being provided is an implicit rate subsidy. Retirees and dependents age 65 or older are provided a Medicare supplement that is not subsidized by the College.

Employees Covered by Benefit Terms—At June 30, 2018, the following employees were covered by the benefit terms:

NOTE L--RELATED PARTY TRANSACTIONS

During the year ended June 30, 2018, the College entered into an Exchange of Services Agreement with Northern Oklahoma College Foundation, Inc. (the Foundation). The Exchange of Service Agreement defines and memorializes the terms agreed upon by the parties for the exchange of services not otherwise covered by separate, specific contractual agreements between the parties.

For substantially all scholarships awarded by the Foundation, amounts are remitted to the College. Subsequently, the College makes payments directly to the award recipients. Such amounts were approximately \$260,000 for the year ended June 30, 2018.

NOTE M--RISK MANAGEMENT

The College is exposed to various risks of loss from torts; theft of, damage to and destruction of assets; business interruptions; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, life and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than torts, property and workers' compensation. Settled claims have not exceeded this commercial coverage in any of the 3 preceding years.

The College, along with other state agencies and political subdivisions, participates in the State of Oklahoma Risk Management Program and the state insurance fund, public entity risk pools currently operating as a common risk management and insurance program for its members. The College pays an annual premium to the pools for its torts, property and worker's compensation insurance coverage. The Oklahoma Risk Management Pool's governing agreement specifies that the Pool will be self-sustaining through member premiums and will reinsure through commercial carriers for claims in excess of specified stop-loss amounts.

The College also began participating, during fiscal year 2017, in the Oklahoma Higher Education Employee Interlocal Group Health Insurance Pool "OKHEEI". College employees have health insurance coverage through OKHEEI. OKHEEI is an Interlocal Cooperative Act Agency organized as a public entity risk pool health insurance program for participating college and universities in the state of Oklahoma. The College pays monthly health insurance premiums to OKHEEI for employee health insurance coverage based on the health coverage elected by the employee and the maximum benefit provide by the College for health coverage. Amounts of premiums exceeding benefits are payable by the employee. The governing agreement for OKHEEI specifies that the pool will be self-sustaining through premiums received and with additional stop-loss coverages obtained. If health care claims exceed reserves and reinsurance coverages, additional assessments may be made to participating colleges and universities. As of June 30, 2018, additional assessments did not occur.

NOTE N--COMMITMENTS AND CONTINGENCIES

Grants and Contracts: The College conducts certain programs pursuant to various grants and contracts which are subject to audit by federal and state agencies. Costs questioned as a result of these audits, if any, may result in refunds to these government agencies from various sources of the College.

The College participates in the Federal Direct Student Loan Program (Direct Lending Program). The Direct Lending Program requires the College to draw down cash from the U.S. Department of Education, as well as perform certain administrative functions under the Direct Lending Program. Failure to perform such functions may require the College to reimburse the U.S. Department of Education. For the year ended June 30, 2018, approximately \$6,404,000, of Direct Lending Program loans were provided to College students.

Grant from Enid Economic Development Authority: In June 1999, the College received assistance from the Enid Economic Development Authority (the “Authority”) to accomplish the purchase of the Phillips College Campus in Enid. The assistance from the Authority is conditional. The College is required to utilize the facilities primarily for higher education to benefit the Enid area and is restricted from selling the campus. If the campus is sold, the College must repay the full amount of the assistance received, \$1,906,250, back to the Authority. A portion of the assets may be sold if proceeds are used for maintenance or improvement of facilities or used to fund academic programs or scholarships.

NOTE O--NORTHERN OKLAHOMA COLLEGE FOUNDATION, INC.

The Foundation is a tax-exempt organization established and organized exclusively for the benefit of the educational, literacy and scientific activities of the College. The principal function of the Foundation is to promote the College and the welfare of its programs and students by providing scholarships, loans and other awards to students, faculty, and staff as deemed appropriate.

The Board of Trustees, which governs the Foundation, is separate and distinct from the Board of Regents, the governing body of the College.

The financial statements of the Foundation included in this report were prepared on an accrual basis of accounting for the year ended June 30, 2018. The stand-alone financial statements of the Foundation were prepared in accordance with Financial Accounting Standards Board not-for-profit financial statement reporting standards, and the Foundation’s stand-alone financial statements have been modified as required to conform their financial presentation to a governmental reporting format.

The assets of the Foundation as presented in the accompanying financial statements are in the form of cash and cash equivalents of \$288,809 and investments of \$9,650,944. The cash and cash equivalent balances are generally in the form of checking accounts and savings accounts and at June 30, 2018, were substantially covered by FDIC insurance. The investment balances are generally held in domestic and international debt securities.

The net position of the Foundation is generally restricted for specific purposes, and \$3,826,410 of the net position of the Foundation is permanently restricted. Earnings on the permanently restricted net position are generally restricted for use in various scholarship and lectureship programs.

Separately issued audited financial statements of the Foundation are available upon request.

**INDEPENDENT AUDITORS' REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Regents
Northern Oklahoma College
Tonkawa, Oklahoma

We have audited the financial statements of the business-type activities and discretely presented component unit of Northern Oklahoma College (the "College"), collectively a component unit of the State of Oklahoma, which comprise the statements of net position as of June 30, 2018, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 25, 2018. We conducted our audit in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our report includes a reference to the financial statements of Northern Oklahoma College Foundation, Inc. (the "Foundation"), the College's discretely presented component unit, as described in our report on the College's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Foundation. Our report includes a paragraph disclaiming an opinion on required supplementary information.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS—CONTINUED**

Internal Control Over Financial Reporting—Continued

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited Northern Oklahoma College's (the "College") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2018. The College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

**INDEPENDENT AUDITORS' REPORT ON
COMPLIANCE FOR EACH MAJOR PROGRAM AND
ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE—CONTINUED**

Opinion on Each Major Federal Program

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NORTHERN OKLAHOMA COLLEGE

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2018

NOTE A--BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal awards activity of Northern Oklahoma College (the "College") under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the net position, changes in net position, or cash flows of the College.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE C--FEDERAL DIRECT STUDENT LOAN PROGRAM

Under the Federal Direct Student Loan Program ("Direct Loan Program"), the U.S. Department of Education makes loans to enable a student or parent to pay the costs of the student's attendance at a postsecondary school. The Direct Loan Program enables an eligible student or parent to obtain a loan to pay for the student's cost of attendance directly from the U.S. Department of Education rather than through private lenders. The College administers the origination and disbursement of the loans to eligible students or parents. The College is not responsible for the collection of these loans.

NOTE D--SUBRECIPIENTS

During the year ended June 30, 2018, the College did not provide federal awards to subrecipients.

NOTE E--INDIRECT COST RATE

The College has a Negotiated Indirect Cost Rate Agreement issued by the U.S. Department of Health and Human Services as of October 14, 2014. The negotiated rate of 31.9% was applied in accordance with the Agreement for the year ended June 30, 2018, except that certain grants limited the rate charged.
