

**ARTS AND SCIENCES – INTERNATIONAL STUDIES OPTION**

(Note: Program requirements for this degree are offered on NOC Stillwater campus only.

At the beginning of each course listing, the four letter abbreviation indicates the department and the four digits indicate the course code used for enrollment. The total course hour value follows each.)

PROGRAM REQUIREMENTS		SUGGESTED COURSE SEQUENCE		The suggested curriculum includes degree requirements and courses that are usually completed in the first two years of a four-year curriculum.  Consult with the university or college of your choice and its catalog curriculum as you make plans on where to transfer. Be careful to select the courses that will meet all requirements for both Associate and bachelor's degree programs.  The International studies degree, in general, provides students with a broad understanding of today's complex global environment. Many graduates are entering careers that are global in perspective and scope and employers have a strong desire to hire students that possess a historic and contemporary understanding of global culture, history, and behaviors.  A short-term study abroad experience provided by NOC also is highly recommended as is the study of a foreign language.  Career Opportunities

Academic placement is determined either by A.C.T. test scores or by Accuplacer test scores. These tests are administered in the Testing Center at NOC. Based upon the scores, students may be required to take one or more courses for remediation in English, Math, or Reading, either prior to or concurrent with credit courses. See the NOC testing web page by clicking on the following link: ACT   Northern Oklahoma College (<a href="http://www.noc.edu/act">http://www.noc.edu/act</a>) for placement guidelines.</p>
