Quiet & Courtesy Hours Policy

Time periods have been designated in NOC Residence Halls as quiet hours and courtesy hours to promote an environment conducive to living and learning. NOC is committed to providing students with housing in which they may grow and develop both personally and academically. To achieve this environment, quiet hours are established and maintained. The following guidelines have been established to promote an atmosphere conducive to studying.

Quiet hours are planned for study and are to be observed from 8:00 p.m. to 9:00 a.m. - Sunday through Thursday.

Courtesy Hours are in effect at all times and reasonable quiet must prevail in all residence halls.

In addition, residents are to be considerate of fellow students and observe sufficient quiet so as not to bother anyone who wishes to study during those hours not specifically designated as quiet hours. It is recommended that students control their activities during the daytime and evening to such extent that they will not interrupt a person studying in an adjoining room and that activities be restrained to the point that a resident’s sleep will not be interrupted. These community standards will result in a better place to live and study.

Radios, stereos, and video and electronic equipment must be turned down so that other NOC residents will not be disturbed. Students must observe reasonable quiet at all times, both inside and outside the residence halls, and must exercise special care when returning to the residence halls late in the evening.

Starting at 11:00 p.m. the Friday before final examinations each semester, quiet hours are in effect 24 hours a day until the end of examinations.

For questions regarding the NOC Enid Quiet & Courtesy Hours Policy, contact the Office of Student Affairs in Everest Hall at 580-548-2327.

The Mission Statement – Northern Oklahoma College, a multi-campus learning community, provides high quality, accessible, and affordable educational opportunities and services to allow citizens to develop to the full extent of their abilities, to succeed in a competitive global environment, and to be effective lifelong learners.
