This program applies to two year schools, as well. She advised that 87,386 have completed forty or more credit hours with a G.P.A. of 2.0 or better and these students have not received a degree in the state system. Out of the 87,386 who have completed 40+ hours, 44,028 are from two year schools exclusively. She advised that the majority of declared majors for two-year colleges were in the areas of Liberal Arts/General Studies, Health Professions, Business, and Education. Northern will be participating in the planning, development, and implementation of the Reach Higher program for two-year colleges as they progress throughout this coming year. Ms. Colwell continued her report by stating that enrollment trends for all three campuses are currently being analyzed to determine ways to most efficiently plan academic programs and schedules. Summer school is in full swing and performance evaluations of staff within academic affairs are nearly complete. He noted that Mike Machia, Larry Dye, and Gene Long are working on the construction project and they are busy getting rooms ready for the 3-4 camps going on this week. They have cheerleading camp, baseball camp, and Upward Bound starting today, tomorrow, and Saturday. Every dorm room is full. CSI camp will be starting next week and that brings challenges to find dorm rooms. On June 24-25, they will change over from Zollars to Marshall Hall. All traditional classes have moved from Zollars so it will be free for construction to begin.

After the first firing, they called in volunteers from the Relay for Life Team to help paint, which was a fun time. She and Audrey advised that the "HOPE" ornaments are in the Development Office conference room. Regent Smith asked about the size of the Foundation Board. She advised that the Board lost some members which put them in a position to appoint new trustees. She advised that the Board could remain as big as or bigger than in the past.
