You can order your transcript in person at one of our campuses, or by printing the transcript request form.

If you choose to print: Please print the transcript request form, fill it out completely and mail it along with a copy of a photo ID to the address located on the request form. Most transcript requests are fulfilled within 1-2 business days after NOC has received them. There is no charge for a transcript requested by mail, or in person.

Please note: Official transcripts requested by mail, or in person can be sent electronically as a secure PDF via the EScrip-Safe service NOC uses. NOC will send transcripts going to another school electronically, if the receiving school is set up as an official receive site for EScrip-Safe transcripts. If the receiving school is not an official receive site for EScrip-Safe transcripts, the transcripts will typically be mailed via USPS. EScrip-Safe transcripts can also be sent directly to an email address.
