African American Scientists featured at Harmon Science Building in honor of Black History Month

Thirty African American Scientists are featured on the second floor of the Harmon Science Building at NOC Enid in a display for Black History Month.

Each scientist is featured with a photo and biography describing their contributions to science.

Scientists include Patricia Era Bath, Harold Amos, George Washington Carver, St. Elmo Brady, Dr. Betty Wright Harris, Shirley Ann Jackson, Benjamin Banneker, Dr. James Edward Maceo West, Dr. Leonidas Harry Berry, Alice Augusta Ball, George Edward Alcorn Jr., Jane C. Wright, Dorothy Vaughan, Ronald McNair, Valerie Thomas, Katherine Johnson, Warren M. Washington, Annie Easley, Arthur B. C. Walker Jr., Neil deGrasse Tyson, Bettye Washington Greene, Charles Henry Turner, Lloyd Albert Quarterman, Joan Murrell Owens, Margaret S. Collins, Ernest Everett Just, James Andrew Harris, Emmett Chappelle, Patricia S. Cowings, and Charles R. Drew.

The project was created by Dr. Mary Ann McCoy, Agricultural and Biological Science Instructor at NOC Enid.

information from <https://interestingengineering.com/31-highly-influential-african-american-scientists>

Ronald McNair

Scientific discipline: Physicist

Date of birth: 1950

Place of birth: Lake City, South Carolina

Date of death (if relevant): January 28th, 1986 (Challenger mission disaster)

Their main contribution(s) to science and the world: Tragically he is best-known his tragic death during the Challenger Space Shuttle Explosion in 1986. Prior to this, and his time at NASA, he had helped develop experiments in the development of HF/DF and high-pressure CO lasers at MIT.

Deadline for 2021-22 Federal and State Financial Aid

High school seniors and current college students looking for federal and state financial aid to attend college next fall should complete the 2021-22 Free Application for Federal Student Aid (FAFSA) as soon as possible.

"The financial aid staff at Northern Oklahoma College is ready to help students and parents fill out the 2021-2022 FAFSA," said NOC Financial Aid Director Holly Lee. "Our priority date for consideration for state aid is Dec. 1, 2020. This means students have a two-month window to submit the FAFSA online. It is always better to finish the FAFSA early rather than waiting until the last minute. Students and parents may contact the financial aid office to ask questions or set appointments. Please call 580-628-6595 or email us at financial.aid@noc.edu."

Lee added that students can still receive financial aid for the spring and summer semesters by filing a 2020-21 FAFSA form.

The FAFSA is used to determine how much financial aid a student may be able to receive to help pay for college. In addition to serving as the gateway to apply for all types of federal financial aid, a completed FAFSA is also required for some state aid, including the Oklahoma's Promise scholarship and the Oklahoma Tuition Aid Grant Program. Many students underestimate their financial need or assume they won't qualify for financial aid, but every student should complete the FAFSA as soon as possible after Oct. 1 of the senior year of high school and every subsequent year that financial aid will be needed during college.

"Students who complete the FAFSA have access to numerous state and federal scholarships and grants, work-study programs and, if needed, federal student loans,"

said Chancellor for the Oklahoma Regents for Higher Education Glen D. Johnson. "It is vitally important that high school seniors and our current college students complete the new FAFSA as soon as it becomes available, as some types of state and federal financial aid are awarded to eligible students on a first-come, first-served basis."

Students can complete the 2021-22 FAFSA online at [FAFSA.gov](https://fafsa.gov) or by using the myStudentAid mobile app. The online FAFSA features skip-logic technology that eliminates irrelevant questions based on the applicant's previous answers, and applicants can choose to use the IRS Data Retrieval Tool, which will automatically transfer their 2019 tax return information to their FAFSA. To complete and submit the FAFSA online, students and one parent will each need to create a Federal Student Aid ID at [FSAID.ed.gov](https://fsaid.ed.gov). The FSA ID serves as an electronic signature on the FAFSA and certain student loan applications, and allows students to access other federal student aid websites. It is beneficial for families to create FSA IDs before starting the FAFSA to speed up the application process. The U.S. Department of Education estimates the form will take most families less than an hour to complete.

The Oklahoma College Assistance Program (OCAP), an operating division of the Oklahoma State Regents for Higher Education, offers free FAFSA materials, tools, and workshops to support school- and campus-based FAFSA education for families across the state. For more information about the FAFSA process and to access free educational resources, including tutorial videos in English and Spanish, visit OCAP's FAFSA completion website, startwithfafsa.org.
