IN RESPONSE TO COVID-19 PANDEMIC AND CDC RECOMMENDATIONS

Update April 1, 2021

NOC wants all students to have a positive college experience with lifelong memories while supporting the overall health and safety of the Northern Community. We appreciate everyone’s effort to exercise caution and to adhere to the NOC Pandemic Response Plan. We are all moving in the same direction and that is to return to normal. We are pleased to report as of March 26, all NOC students and employees have had the opportunity to get a COVID-19 vaccine through one of our community partnerships.

As we are approaching the end of the spring 2021 semester and begin phasing back to normal conditions, we must all continue to do our part to protect the health and well-being of each other. NOC’s Pandemic Response Plan continues to be a collaborative effort, incorporating input from across our campus community.

Listed below are some modifications and important dates for the remainder of the semester:

- NOC enrollment began for summer and fall semesters on March 22;
- OSU enrollment begins April 26;
- NOC Wellness Day, April 13, no classes and offices closed;
- Pre-finals week, April 26 – 30;
- NOC Commencement for the Class of 2021 will be celebrated May 1 in person, and
- Final exams May 3-7 as previously scheduled.

NOC Academic Calendar [https://www.noc.edu/academics/course-schedules/](https://www.noc.edu/academics/course-schedules/)

To maintain campus safety, all NOC students, employees and visitors must continue to wear a facial covering (mask) upon entering any campus building and when near or encountering others anywhere inside campus facilities. **Face masks are optional outside; however, social distancing should be followed.**

**Spring Commencement.** Northern Oklahoma College is excited to hold in-person ceremonies for our 2021 degree candidates during the 115th NOC Commencement on Saturday, May 1, on the NOC Tonkawa and NOC Enid campuses. To comply with social distancing guidelines, NOC will host two ceremonies each on the Enid and Tonkawa campuses, limiting attendance and requiring masks indoors as safety protocols. Tonkawa graduates will participate in exercises at 9 a.m. and 11 a.m. in Foster-Piper Fieldhouse while NOC Enid/Stillwater graduates will hold exercises at 2 p.m. and 4 p.m. in Briggs Auditorium in Enid. For more information, visit our website [www.noc.edu/graduation](http://www.noc.edu/graduation).

**Other End of year academic events.** Academic Award Receptions will also be hosted on each campus in a modified format. Student award winners will be contacted in early April.

Nurses Pinning ceremonies for all NOC campuses will be Saturday night, May 1, at 7:00 p.m. at Briggs Auditorium. The event is also in-person and will follow mask and social distancing guidelines.
All non-college events, i.e., civic club meetings, reunions, weddings, camps, luncheons/banquets, on all three campuses are suspended through **May 17, 2021**.

**A “normal” fall semester.** Based on the vaccination schedules for our campus community, we are hopeful that NOC will be able to have a 2021 fall semester that is much more like students have enjoyed at NOC in years prior to this pandemic and that is something to truly be excited about! NOC will continue to monitor guidelines recommended by the CDC for recommended safety protocols in the workplace and classroom and adapt as needed.

- Students, employees and guests must abide by the maximum capacity posted room signs to ensure social distancing.
- Common areas and employee break rooms are open for individual usage with social distancing guidelines. Coffee and tea in break rooms will not be available. Water fountains and ice machines for consumption will remain turned off to minimize the risk.
- Avoid gathering in break rooms/lunchrooms. These areas may still be utilized for food preparation (one at a time, or multiple people if 6-foot social distancing can be maintained). This does not include large campus dining areas where social distancing is practiced.
- Informal social gatherings that are an important part of the relationship building and camaraderie on Northern campuses will be modified until further notice. Events, including small office gatherings, must be pre-approved through the appropriate vice-president and follow the event activity guidelines for campus organizations. Self-serve buffets, family-style serving, and potlucks are no longer permissible on campus until further notice. If a celebration has been approved, only individual pre-packaged food and drinks can be served. Disposable utensils, plates, bowls, etc. must be used. Avoid sharing food and consider the safety of individuals with food allergies. All social distancing guidelines must be observed. Masks may be removed to eat and drink when seated and at least six foot from anyone. Hand sanitizer must be provided for guests.

---

**NOC Emergency Response Team**

The NOC Pandemic Response Plan was a collective effort created by the NOC Emergency Response Team tasked to respond to any event of significant threat to the health or safety of our college community. NOC's Emergency Response Team is a perpetual group that is activated during events that endanger the people and/or damage the facilities of NOC. Membership of this team includes the following as well as other designated representatives as needed from human resources, academics, student affairs, facilities management, information technology and other areas:

- President
- Vice President for Academic Affairs
- Vice President for Student Affairs
- Vice President for Financial Affairs
- Vice President of NOC Enid
- Vice President of NOC Stillwater
- Vice President Enrollment Management
- Dean of Students
- Associate Vice President for Physical Plant
- Vice President for Development and Community Relations
- Director of Information Technology
- Network & Server Administrator

The Emergency Response Team reviewed federal, state and local health guidelines with input from numerous leaders and experts. The Pandemic Response Plan is an ongoing effort developed over the past several months by members of this team.

It is possible that additional ad hoc committees may be formed due to the ongoing situation with the COVID-19 Pandemic to assist the Emergency Response Team. The Development and Communications Department continues to educate and inform the campus community in regards to COVID-19 and the impact on NOC via NOC News updates through emails, website, campus signage, and social media.

**Campus Communications**

As new procedures and safety protocols are put in place, employees and students will be notified through campus communications. The Crisis Communications Team, a subgroup of the Emergency Response Team, will be involved in the crisis management response and the message communication to internal and external stakeholders. **Announcements and updated information will be available on the college website at [http://www.noc.edu/emergency/](http://www.noc.edu/emergency/).** It is expected that the NOC Pandemic Response Plan will be regularly updated as circumstances change.

**NOC Virtual Backgrounds**

Downloadable background options for your virtual meetings have been added to our website under the NOC Graphic Standards Guide [https://www.noc.edu/about-noc/graphics-standards/](https://www.noc.edu/about-noc/graphics-standards/). These various backgrounds will allow you to show off your NOC spirit. Images range from the Official Northern Oklahoma College logo to beautiful campus location shots.

**Additional COVID-19 Resources**

- Oklahoma State Department of Health Coronavirus Hotline is 1.877.215.8336
- [https://www.ed.gov/coronavirus](https://www.ed.gov/coronavirus)
- [https://www.coronavirus.gov/](https://www.coronavirus.gov/)
- [https://www.sreb.org/higher-ed-playbook-progress](https://www.sreb.org/higher-ed-playbook-progress)
- [https://211oklahoma.org/](https://211oklahoma.org/) For Oklahoma information and referrals, please dial 2-1-1. From outside Oklahoma, call toll-free 877.362.1606 (Oklahoma City and Western Oklahoma) or 877.836.2111 (Tulsa and Eastern Oklahoma).

**HEALTH GUIDELINES FOR THE NOC CAMPUS COMMUNITY**

**Personal Health Responsibility**

The following outlines expectations of all NOC students and employees while on campus. This is not only to protect your health, but the health of our entire community. Your continued support of these guidelines is appreciated. The college provided professional development training on COVID-19 during student orientations and employee in-services in the fall semester. Updated information on the virus will continued to be shared via NOC News updates in the spring semester.

Take special precautions to avoid exposure and act responsibly in avoiding high-risk situations (e.g. travel to areas with high-infection rates, large gatherings, etc.) that may expose you—and thus the campus community.
- Perform a self-screening each morning before arriving on campus. Temperature must be less than 100.4° F/38° C. See [Self-Assessment Checklist](#).
- Maintain social distancing guidelines of minimum six feet. Remove unnecessary items in your personal work or living space to create clean counterspaces and support cleaning efforts on common surfaces. Students and employees are responsible for cleaning own personal space.
- Avoid sharing equipment and supplies, i.e. pens and pencils, when conducting business and favor electronic processes over sharing papers when possible.
- Limit elevators to single occupancy when possible, but no more than two allowed at one time.
- Use stairs as the primary method of travel between floors when possible. Signs will be posted to encourage directional flow.
- If a meeting must be in-person to accomplish the purpose of the meeting, it must be in a large room with attendees six feet away from each other. Use video conferencing as an alternative.
- Disinfect fax machines, copiers, kiosks and printers in common areas before and after each use.
- Wash hands regularly with soap and water for at least 20 seconds. Keep a supply of hand sanitizer (as possible).
- Cover your cough or sneeze with a tissue and then throw it away. Wash your hands afterwards.
- Disinfect all high-touch areas in your home and workplace.
- Do not touch your eyes, nose or mouth with unwashed hands.

NOC continues to provide health and safety materials and supplies for the campus. One washable cloth face covering was provided to all NOC full-time employees and all students. Additionally, face shields were provided for all employees. Disposable masks were provided to departments for those who need them.

One 2 oz bottle of hand sanitizer was provided for all NOC employees and students and large bottles of hand sanitizer were ordered for department use. New stands for dispensing hand sanitizer and disinfectant wipes, and refills have been distributed. Clear protective barriers have been installed in high traffic areas serving the public.

New students and employees can receive their safety materials and supplies via their campus administrator.

**CAMPUS CONTACTS:**
- Enid Campus: Jeremy Hise, Vice President for NOC Enid, 580.548.2393, [jeremy.hise@noc.edu](mailto:jeremy.hise@noc.edu)
- Stillwater Campus: Diana Watkins, Vice President for NOC Stillwater, 580.628.6905, [diana.watkins@noc.edu](mailto:diana.watkins@noc.edu)
- Tonkawa Campus: Jason Johnson, Vice President for Student Affairs, 580.628.6272, [jason.johnson@noc.edu](mailto:jason.johnson@noc.edu)
- Human Resources: Shannon Cranford, Director of HR, 580.628.6229, [shannon.cranford@noc.edu](mailto:shannon.cranford@noc.edu)

NOC provided wall-mounted self-check stations with a non-contact digital infrared thermometer centrally located on each campus.
- Enid Campus – Entrances of Zollars Memorial Library and Mabee Center Fieldhouse; lobbies of Jets and Lankard Residence Halls
- Stillwater Campus – 2nd Floor commons area of NOC Stillwater Classroom Building
- Tonkawa Campus – Entrance of Memorial Student Union; lobbies of Markley, Boehme, Easterling, Threlkeld and Mavericks Residence Halls

Additional self-check stations will be added in the coming weeks on each campus.
• Enid Campus – Entrances of Gantz Student Center and Briggs Auditorium
• Tonkawa Campus – Entrances of Renfro Center and Kinzer Performing Arts Center
• Stillwater Campus – Outside student break room on first floor near computer lab and nursing lab

**Face Covering (Mask) Policy and Guidelines**

To maintain campus safety, all NOC students, employees, and visitors must continue to wear a facial covering (mask) upon entering any campus building and when near or encountering others anywhere inside campus facilities. **Face masks are optional outside; however, social distancing should be followed.** Individuals representing NOC at off campus events must adhere to local facility requirements. COVID-19 can be spread when people are asymptomatic, which means they do not know they are sick yet. Facial coverings do not replace the need to maintain social distancing, frequent handwashing, and rigorous cleaning and disinfecting routines; however, facial coverings have been proven to significantly reduce the spread of COVID-19 to others. When everyone wears masks, we keep our NOC community safer.

**General Guidelines for Face Masks:**

NOC provided one facial covering (mask) per employee and student. Additionally, one reusable face shield was provided to all employees for use during a lecture or work environment when 6’ social distance is also maintained. The shield was added as an alternative to the mask during class times as needed as many students and guests rely on lipreading to further understand. To maintain safety, instructors should wear the mask prior to class and only lower the mask and use the shield when socially distanced, raising the mask at the end of class when students might step closer to ask questions. Employees who are unable to wear a mask for health reasons should submit documentation to HR for ADA purposes and when approved may wear the shield instead of rather than in addition to the mask.

Failure to comply with the college’s expectation to wear face coverings is considered a policy violation and will be addressed under the Campus Safety section of Institutional Policies (reference 2020-2021 Course Catalog and Student Handbook), and Employee Conduct (reference NOC Employee Handbook 2020-2021, Section 3.12 – Standards of Performance and Conduct).

You may purchase additional masks through the NOC Bookstore or provide your own clean, well-maintained mask from home. Information regarding face coverings, including how to make them, is provided by the Centers for Disease Control and Prevention (CDC)

- You may wear your own clean, well-maintained, and professional face covering from home instead of the NOC-provided covering if you choose.
  - You may use a homemade or purchased cloth or disposable face covering.
  - A multi ply tightly woven cotton cloth or multi ply disposable face covering is recommended.
  - Masks containing valves are not allowed, with the exception of N-95 (although these are discouraged for use by the general public to save for medical personnel) [https://www.fda.gov/medical-devices/personal-protective-equipment-infection-control/n95-respirators-surgical-masks-and-face-masks](https://www.fda.gov/medical-devices/personal-protective-equipment-infection-control/n95-respirators-surgical-masks-and-face-masks), and for those with medical documentation.
  - Permissible face coverings include cloth masks, including those with clear plastic inserts, and disposable nonsurgical masks. They do not include bandanas, handkerchiefs, fleece coverings, neck gaiters without filters or any other piece of cloth tied with an opening at the bottom as masks.
• You **must** wear a face covering at all times in hallways, classrooms, public spaces, restrooms, and other common areas across campus. Exceptions – employees who are in their offices alone or students who are in their residence hall room alone.

• Plexiglass barriers are not a replacement for face masks and masks should be worn at all times when assisting others.

• Face coverings are optional outdoors; however, social distancing should be followed.

• Your face covering should meet the following criteria:
  - fits snugly but comfortably against the side of the face
  - completely covers the nose and mouth
  - allows for breathing without restriction
  - can be laundered and machine dried without damage or change to shape

• The face covering is primarily a protection for others near you to prevent you from unknowingly spreading the COVID-19 virus to others. Studies have shown that if everyone is wearing a mask and following other safety measures the spread of viruses is reduced.

• You should carry at least two face coverings with you daily to ensure that you have a replacement if one becomes unusable while you are on campus.

• Masks and cloth face coverings should not depict or promote the use of drugs, alcohol, extremism, offensive language or symbols, and must be worn properly over the mouth and nose.

**How to remind others of mask requirement:**

• Be respectful in tone.

• Refer to policies and signs posted with guidelines. Do not make comments about them as an individual; refer only to the action needed.

• Thank them for doing their part in keeping the NOC community safe.

**Syllabus Policy:**

As with all classroom expectations, instructors are responsible for maintaining a safe environment that is most conducive to learning and to convey those expectations clearly to students (written in the syllabus, reviewed verbally in the first-class period, and through the Blackboard posting of syllabi prior to day one).

All syllabi should include NOC’s policy about facial coverings:

*Students must wear a mask at all times in this class, including before and after class has started. Instructors will assign seating on day one of class. This seating chart will help students maintain 6’ distancing from classmates and will facilitate tracing should a student become ill during the course of the semester. Students who fail to wear their masks to class will be asked to leave the classroom and return after retrieving one. Because the expectation to wear a mask will be communicated to all students both prior to the semester beginning and on day one, students may be penalized for missed class time or missed points for quizzes or other classroom activity if they must leave to retrieve a mask. Students who refuse to wear a mask will be asked to leave the class and be referred to the Office of Student Affairs. Students who are not able to wear a mask for health reasons must file a request through the ADA contact listed in section 8 of the syllabus and must provide their own face shield to be worn at all times noted in mask requirement. See NOC’s Pandemic Response Plan at the following link for institutional mask policies: https://www.noc.edu/emergency/face-covering-mask-policy-and-guidelines*

Note: The White House Coronavirus Task Force’s Recommendations for College Students advocates social distancing and also advocates the use of masks when social distancing is not possible. NOC has taken the extra safety precaution of requiring students to wear masks even when social distancing is followed in the classroom and inside all NOC facilities to further reduce risk for instructors and students.
Questions?
Visit [https://www.noc.edu/emergency/face-covering-mask-policy-and-guidelines](https://www.noc.edu/emergency/face-covering-mask-policy-and-guidelines) for FAQs for some of the most common questions regarding face masks.

**NOC COVID-19 Self-Reporting Form**

**WHO SHOULD COMPLETE THIS FORM?**

To ensure that Northern Oklahoma College can provide support and resources to students and employees, the College is requesting that the COVID-19 Self-Reporting Form be submitted by an individual when:

- You have received a positive COVID-19 test result (*laboratory confirmed case*)
- You have been exposed to COVID-19 (*direct contact within six feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period*)
- You have symptoms of COVID-19 but have not been tested or have test results that are pending (A comprehensive list of COVID-19 symptoms can be found on [CDC website](https://www.cdc.gov))
- You have an update to provide to any of the above

Students are required to immediately self-report to the appropriate campus administrator a positive COVID-19 test or a primary exposure contact with an individual who has tested positive. Employees are required to immediately self-report to the appropriate campus administrator for contact tracing, as well as notifying their immediate supervisor and the HR Director if they have had a positive COVID-19 test or primary exposure contact with an individual who has tested positive.

**CAMPUS CONTACTS:**

- Enid Campus: Jeremy Hise, Vice President for NOC Enid, 580.548.2393, jeremy.hise@noc.edu
- Stillwater Campus: Diana Watkins, Vice President for NOC Stillwater, 580.628.6905, diana.watkins@noc.edu
- Tonkawa Campus: Jason Johnson, Vice President for Student Affairs, 580.628.6272, jason.johnson@noc.edu
- Human Resources: Shannon Cranford, Director of HR, 580.628.6229, shannon.cranford@noc.edu

**WHAT DOES THIS FORM DO?**

This form is how you will notify appropriate campus administrators on the emergency response team and Human Resources about your condition. It will create an email confirmation of the report for illness/exposure/monitoring, help reduce potential exposure to the campus community, and allow the College to assist the ill students, employees, and guests connecting them with needed services. **This form does not take the place of the daily self-screening.**

**WHAT HAPPENS NEXT?**

Individuals completing this self-reporting form will be contacted by a campus administrator (see campus contacts). If you are experiencing symptoms of COVID-19, or a campus administrator deems it necessary in consultation with the health department, you will then be directed to a health agency for further evaluation and testing. **Please Note:** The College is committed to ensuring that your submission remains private and only will be utilized as a means to provide support and resources.

For a full list of county drive-through testing in Oklahoma, go to [https://coronavirus.health.ok.gov/testing-sites](https://coronavirus.health.ok.gov/testing-sites). Some health departments also advise the public to check their Facebook pages for more information regarding testing.

**State Department of Health Coronavirus Hotline - 1.877.215.8336**
[https://coronavirus.health.ok.gov/Oklahoma](https://coronavirus.health.ok.gov/Oklahoma)
https://211oklahoma.org/ For Oklahoma information and referrals, please dial 2-1-1. From outside Oklahoma, call toll-free 877.362.1606 (Oklahoma City and Western Oklahoma) or 877.836.2111 (Tulsa and Eastern Oklahoma).

QUESTIONS?
If you have any questions about self-reporting or concerns or do not have access to a computer to complete the self-reporting form electronically, please contact Jason Johnson, Vice President for Student Affairs, at 580.628.6272 or jason.johnson@noc.edu.

Procedures for Positive COVID-19 Case or Primary Exposure Contact
Northern Oklahoma College is following the guidance of national and local health officials, and federal reporting guidelines, in our response to a positive diagnosis on campus. If we receive confirmation that an NOC student or employee has had a positive COVID-19 test or primary exposure contact, there are important measures that will be promptly taken including quarantine or isolation, contact tracing, communication and facility disinfection.

If you feel you have symptoms, or have been exposed to COVID-19, please get tested immediately.

COVID-19 Testing Sites
The following definitions (in accordance with county health department officials and CDC guidelines*) will be applied:

**Incubation period:** The incubation period of COVID-19 is 2 to 14 days. Most people who develop symptoms do so within 3 to 4 days after being exposed to the virus. If you are exposed to COVID-19 and you develop symptoms, you should get tested soon after you develop symptoms. If you are exposed, and you don’t develop symptoms, you should wait until 5 days post-exposure to get tested to receive the most accurate result as a potential asymptomatic carrier.

**Infected Person:** An individual who has tested positive for COVID-19, with or without symptoms, is most likely infectious. According to medical guidelines, an infected person can spread COVID-19 starting from 48 hours (or 2 days) before the person had any symptoms or tested positive for COVID-19.

**Confirmed COVID-19 Case:** Report of person with COVID-19 and meeting confirmatory laboratory evidence.

**Isolation:** is used to separate people infected with SARS-CoV-2 (people who have symptoms of COVID-19 and those who have no symptoms or asymptomatic but have tested positive for infection with SARS-CoV-2), the virus that causes COVID-19, from people who are not infected, even in their own home.

People who are in isolation should stay home until it is safe for them to be around others. In the home, anyone sick or infected should separate themselves from others by staying in a specific “sick room” or area and using a separate bathroom (if available).

**Primary exposure (close contact, primary exposure):** Someone who was within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period starting from 2 days before illness onset (or, for asymptomatic patients, 2 days prior to test specimen collection) until the time the patient is isolated.

**Quarantine:** is used to keep someone who might have been exposed to COVID-19 away from others. Quarantine helps prevent spread of disease that can occur before a person knows they are sick or if they are infected with the virus without feeling symptoms. People in
quarantine should stay home, separate themselves from others, monitor their health, and follow directions from their state or local health department.

**Self-Monitoring:** For people without symptoms of COVID-19, but who had a low-risk exposure like being in the same workplace or restaurant at the same time as a COVID-19 case but with no close contact.

- Practice social distancing
- Check and record temperature twice (2x) a day and watch for COVID-19 symptoms
- If symptoms develop, self-isolate and seek testing to confirm COVID-19 illness.

**Students**

Students are required to immediately self-report [https://www.noc.edu/emergency/noc-covid-19-self-reporting/](https://www.noc.edu/emergency/noc-covid-19-self-reporting/) to the appropriate campus administrator a positive COVID-19 test or a primary exposure contact with an individual who has tested positive.

Failure to comply with the college’s expectation to self-report is considered a policy violation and will be addressed under the Disciplinary Regulations *(reference 2020-2021 Course Catalog and Student Handbook).*

**Campus Contacts:**

- Enid Campus: Jeremy Hise, Vice President for NOC Enid, 580.548.2393, jeremy.hise@noc.edu
- Stillwater Campus: Diana Watkins, Vice President for NOC Stillwater, 580.628.6905, diana.watkins@noc.edu
- Tonkawa Campus: Jason Johnson, Vice President for Student Affairs, 580.628.6272, Jason.johnson@noc.edu

- Students should self-isolate if they have COVID-19 or self-quarantine if they are a close contact.
- If a reported case comes from a source other than the student or Health Department, the campus administrator will contact the person identified as having COVID-19.
- NOC will follow all Health Department guidelines in providing information for contact tracing to identify persons who might be infected due to close contact with the identified case. Close contact, as defined by CDC, is someone who was within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period. PLEASE NOTE: During contact tracing, the health department staff will not ask you for money, Social Security number, bank account information, salary information, or credit card numbers.
- Names and contact information will be collected and tracked by the campus administrator.
- Based on the contact tracing and other steps identified during the above process, the campus administrator will require students to either isolate for 10 days if tested positive for COVID-19 or quarantine for a 14-day period if student has been exposed to COVID-19 (direct contact within six feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period) before returning to class and normal activities on campus. Identified individuals will be required to monitor their health, wear a face covering, practice good hygiene (including
washing of hands regularly), social distance, and stay in communication with the campus administrator during the isolation and/or quarantine time designated by that office.

- Options to reduce quarantine for contacts of persons with SARS-CoV-2 Infection using symptom monitoring – following CDC and public health authorities’ guidelines, reducing the length of quarantine may make it easier for people to quarantine by reducing the time they cannot work. A shorter quarantine period also can lessen stress on the public health system, especially when new infections are rapidly rising.

Students and employees’ quarantine can end after Day 10 without testing and if no symptoms have been reported during dialing monitoring. After stopping quarantine, you should

- Watch for symptoms until 14 days after exposure.
- If you have symptoms, immediately self-report to NOC, self-isolate and contact your local public health authority or healthcare provider.
- Wear a mask, stay at least 6 feet from others, wash your hands, avoid crowds, and take other steps to prevent the spread of COVID-19.

CDC continues to endorse quarantine for 14 days and recognizes that any quarantine shorter than 14 days balances reduced burden against a small possibility of spreading the virus. CDC will continue to evaluate new information and update recommendations as needed. See Options to Reduce Quarantine for Contacts of Persons with SARS-CoV-2 Infection Using Symptom Monitoring and Diagnostic Testing for guidance on options to reduce quarantine.

- Any time a student is under quarantine and has had additional close contact with another who has COVID-19, they will need to restart their quarantine.
- Students who have tested positive for COVID-19 do not need to quarantine or get tested again for up to 3 months as long as they do not develop symptoms again. Students who develop symptoms again within 3 months of their first bout of COVID-19 may need to be tested again if there is no other cause identified for their symptoms.
- Follow-up by the campus administrator with each person identified through contact tracing will occur regularly to help ensure the mitigation of the virus spreading to other members of the campus community.
- Resident Hall Students may isolate or quarantine at home whenever possible; however, if isolation/quarantine measures are implemented and the student does not go home, arrangements will be made for a separate isolation/quarantine location while the student continues to take classes via alternative delivery methods. Students should not fly or use public transportation to return home.
- Accommodations for classes will be arranged by the ADA Coordinator and the faculty member teaching the course/s. ADA contacts are listed on course syllabi.
- If student receives an Exclusion Letter from OSDH, they are to provide a copy to Jason Johnson at jason.johnson@noc.edu.

**Employees**

For questions regarding guidance on leave policies, health benefit questions and insurance questions, call Shannon Cranford, Human Resources Director (HR), at 580.628.6229. Policy is subject to change as new information becomes available. All parties should work in cooperation with the Oklahoma State Department of Health and their local county health departments.

Managers and supervisors are reminded they have an obligation to protect the privacy of employee and student health information.
Those who are in a vulnerable population are of the utmost concern. If your health is considered high risk, you provide care for a high-risk individual, have childcare disruption or require modifications to your work, please engage in individual discussions with your supervisor and the HR director. Potential modifications include, but are not limited to, telework, use of accrued leave or leave without pay, adjusted work hours to avoid or reduce contact with others and isolated workstations.

**NOTE:** The *Families First Coronavirus Response Act (FFCRA Leave) requirements expired December 31, 2020.* This was a federal requirement that employers provided to employees paid sick leave or expanded family and medical leave for specified reasons related to COVID-19 under the Families First Coronavirus Response Act. [https://www.dol.gov/agencies/whd/ffcra](https://www.dol.gov/agencies/whd/ffcra)

Employees will be required to immediately self-report by completing the online form [https://www.noc.edu/emergency/noc-covid-19-self-reporting/](https://www.noc.edu/emergency/noc-covid-19-self-reporting/) to the appropriate campus administrator for contact tracing (Enid-Jeremy Hise 580.548.2393; Stillwater-Diana Watkins, 580-628-6905; Tonkawa-Jason Johnson, 580.628.6272), as well as notifying their immediate supervisor and the HR Director (Shannon Cranford 580.628.6229) if they have had a positive COVID-19 test or primary exposure contact with an individual who has tested positive.

NOC will follow all Health Department guidelines in providing information for contact tracing to identify persons who might be infected due to close contact with the identified case. Close contact, as defined by CDC, is someone who was within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period. Names and contact information will be collected and tracked by the campus administrator. PLEASE NOTE: During contact tracing, the health department staff will not ask you for money, Social Security number, bank account information, salary information, or credit card numbers.

Failure to comply with the college’s expectation to self-report is considered a policy violation and will be addressed under Employee Conduct *(reference NOC Employee Handbook 2020-2021, Section 3.12 – Standards of Performance and Conduct).* They should also follow all guidelines set forth in the following procedures.

- Employee, if at work, is to immediately close their office and go home.
- If employee tests positive for COVID-19
  - Symptomatic—isolate for 10 days from date of symptoms with the first day of symptoms being day 0.
  - Asymptomatic—isolate for 10 days from date of being tested with date of being tested as day 0.
  - May return to work with a Release Letter from the Oklahoma State Department of Health (OSDH).
- If employee lives with/or has on-going contact with a positive COVID-19 case and is
  - Asymptomatic—You should stay home and away from others. Check yourself for fever, cough, and shortness of breath for 14 days from the last day you had close contact with the person.
  - Become symptomatic (known as an epi link)—employee is to get a COVID-19 test and isolate for 10 days.
  - May return to work with a Release Letter from OSDH.
- If primary contact exposure
  - Employee is to get a COVID-19 test within 5-7 days from the first day of exposure with the first day being day 0.
  - Self-quarantine for 14 days starting from the first day of exposure with the first day being day 0.
  - If test results are negative or if test is unavailable but employee has quarantined 14 days and is symptom-free, the employee may return back to work.
Options to reduce quarantine for contacts of persons with SARS-CoV-2 Infection using symptom monitoring – following CDC and public health authorities’ guidelines, reducing the length of quarantine may make it easier for people to quarantine by reducing the time they cannot work. A shorter quarantine period also can lessen stress on the public health system, especially when new infections are rapidly rising.

Students and employees’ quarantine can end after Day 10 without testing and if no symptoms have been reported during dialing monitoring. After stopping quarantine, you should

- Watch for symptoms until 14 days after exposure.
- If you have symptoms, immediately self-report to NOC, self-isolate and contact your local public health authority or healthcare provider.
- Wear a mask, stay at least 6 feet from others, wash your hands, avoid crowds, and take other steps to prevent the spread of COVID-19.

CDC continues to endorse quarantine for 14 days and recognizes that any quarantine shorter than 14 days balances reduced burden against a small possibility of spreading the virus. CDC will continue to evaluate new information and update recommendations as needed. See Options to Reduce Quarantine for Contacts of Persons with SARS-CoV-2 Infection Using Symptom Monitoring and Diagnostic Testing for guidance on options to reduce quarantine.

- Anytime an employee is under quarantine and has had additional close contact with someone who has COVID-19, they will need to restart their quarantine.
- Employees who have tested positive for COVID-19 do not need to quarantine or get tested again for up to 3 months as long as they do not develop symptoms again. Employees who develop symptoms again within 3 months of their first bout of COVID-19 may need to be tested again if there is no other cause identified for their symptoms.
- If employee receives an Exclusion Letter from OSDH, they are to provide a copy to the HR Director at shannon.cranford@noc.edu.
- If isolation and/or quarantine measures are implemented and the employee must telework from home, arrangements will be made by the HR Director and the employee’s immediate supervisor.
- Employees should complete the telework daily log and/or sick leave form while away from campus.

Updated Quarantine Guidance for Individuals Fully Vaccinated Against COVID-19

While mRNA COVID-19 vaccines have demonstrated high efficacy at preventing severe and symptomatic COVID-19, there is currently limited information on how much the vaccines might reduce transmission and how long protection lasts. In addition, the efficacy of the vaccines against emerging SARS-CoV-2 variants is not known. At this time, vaccinated persons should continue to follow current guidance to protect themselves and others, including wearing a mask, staying at least 6 feet away from others who don’t live with you, avoiding crowds, avoiding poorly ventilated spaces, covering coughs and sneezes, washing hands often, following CDC travel guidance, and following any applicable workplace or school guidance, including guidance related to personal protective equipment use or SARS-CoV-2 testing.

However, vaccinated persons with an exposure to someone with suspected or confirmed COVID-19 are not required to quarantine if they meet all of the following criteria:

- Are fully vaccinated (i.e., longer than 2 weeks following receipt of the second dose in a 2-dose series, or longer than 2 weeks following receipt of one dose of a single-dose vaccine)
- Are within 3 months following receipt of the last dose in the series
Have remained asymptomatic since the current COVID-19 exposure

Persons who do not meet all 3 of the above criteria should continue to follow current quarantine guidance after exposure to someone with suspected or confirmed COVID-19.

People who have been in close contact with someone who has COVID-19—excluding people who have had COVID-19 within the past 3 months.

- People who have tested positive for COVID-19 within the past 3 months and recovered do not have to quarantine or get tested again as long as they do not develop new symptoms.
- People who develop symptoms again within 3 months of their first bout of COVID-19 may need to be tested again if there is no other cause identified for their symptoms.
- People who have been in close contact with someone who has COVID-19 are not required to quarantine if they have been fully vaccinated against the disease within the last three months and show no symptoms.

COVID-19 Cases, Reporting and Notifications

Northern Oklahoma College will be reporting weekly on positive cases and required quarantine cases associated with students, faculty and staff. The Weekly Pandemic Situation Update will be posted on the emergency page by the close of the business day each Friday to keep the campus community informed.

Campus community members who are directly impacted by any particular case will be notified directly by the Health Department and/or campus officials to ensure privacy and confidentiality, as required. Consistent with the public health department and Centers for Disease Control and Prevention (CDC) protocols for infectious disease response, any campus community member identified as having had close contact with these individuals while on campus or at a campus-affiliated location will be notified and may be told that they need to quarantine. Facilities that have been visited by those who test positive and/or had symptoms of illness will be temporarily closed if appropriate and then thoroughly cleaned and disinfected.

For student cases – NOC employees will receive a student notification letter via e-mail from Jason Johnson, Vice President for Student Affairs, informing them that one of their students is in quarantine or self-isolation and tentative date of return. Please note, this student notification does not mean the student has tested positive for COVID-19, and the student may not have exhibited symptoms. Anyone at risk of primary exposure will be notified by the Health Department during the contact tracing process. Anyone NOT directly contacted by the Health Department should not be concerned at this time.

For employee cases – NOC supervisors, appropriate vice president(s) and the HR director will receive an employee notification letter via email from Jason Johnson, Vice President for Student Affairs, informing them that one of their employees is in quarantine or self-isolation and tentative date of return. This does not mean the employee has tested positive for COVID-19, and the employee may not have exhibited symptoms. Anyone at risk of primary exposure/close contact will be notified by the Health Department during the contact tracing process. Anyone NOT directly contacted by the health department should not be concerned at this time.

Quick Links:

- Weekly Pandemic Situation Update https://www.noc.edu/emergency/weekly-pandemic-situation-update/
- For any follow-up questions, please send an email to covid-19@noc.edu. Your question will be routed to the appropriate NOC emergency response team member to address.
Cleaning of College Facilities

Facilities

- NOC Physical Plant is providing touch-point cleaning and disinfecting daily in campus buildings, classroom spaces, common areas and public spaces. Custodial staff will work diligently to clean classrooms, libraries, tutoring and testing centers and other high traffic areas a minimum of once every day. Students and employees will have access to disinfectant to wipe down their areas more frequently if they so choose.
- NOC will maintain alcohol-based or equivalent hand sanitizer and replacement wall-mount dispensers to refill the currently-installed hand sanitizers located throughout the campus locations. Physical Plant will work to procure and distribute necessary cleaning supplies for individual departments. Additionally, the college has purchased electrostatic disinfection foggers to disinfect high traffic and targeted area. The HVAC systems on the Enid and Tonkawa campuses will be upgraded to replace the roll filter media systems to pleated filter systems. This is a result of the recommendations from ASHRE, CDC, APPA and other agencies to provide filtration. If possible, of at least MERV 8 rating. The NOC Stillwater Classroom Building, as a newer construction, was designed to meet this standard.

Vehicles

- Because vehicles are often returned after hours and checked out before normal work hours, physical plant staff will not always have access to provide additional cleaning. In an effort to provide additional cleaning protocol to college vehicles, each employee using a college vehicle should wipe down the interior upon return to campus. Disinfectant will be available in all vehicles.
- Upon return to campus, the employee is asked to wipe down the steering wheel, door handles, seat belts, and any other visible surfaces the driver and/or passengers in the car may have touched. Cleaning supplies will be available at each campus location.
- For individual travel, employees may opt to use personal vehicles if preferred. See NOC Travel Rules for additional guidelines, travel requisition forms and reimbursement.

College-Related Travel

Given the continuing guidance of state, federal and the college’s domestic and international travel guidelines are as follows:

- All college-sponsored international travel will be approved on a case by case basis.
- International travel for personal reasons is strongly discouraged.
- All in-state and out-of-state day travel for college-related business or academic purposes will be reviewed on a case-by-case basis and employees must complete appropriate travel request forms and pre-approved by the appropriate Vice-President and the President.
- Exception – travel between NOC campus locations does not require approval.
- All employees and students traveling with more than one person in a vehicle must wear a face mask at all times while in the vehicle.
- All students, coaches/sponsors, drivers and other personnel will be screened for illness prior to approved group travel.
- Vehicles should be reduced to approximately half capacity, varying between each campus group.
- Student travel requires seating chart in vans.
- Taking to-go meals for students is highly recommended.

Study Abroad

The U.S. Department of State issued a Global Level 4 Travel Advisory on March 19, 2020 which advised U.S. citizens to avoid international travel of any sort. It is not clear at this time when the
State Department travel advisory will be reduced. With this in mind, no faculty-led study abroad programs will be allowed until further notice.

College-sponsored international travel may be approved on a case-by-case basis based on current travel restrictions and CDC guidelines. NOC is currently monitoring and will adjust as necessary. Please check Global Education online at www.noc.edu/ge.

NOTE: Effective January 12, 2021, The Centers for Disease Control and Prevention (CDC) within the Department of Health and Human Services (HHS) issued an Order on January 12, 2021 requiring proof of a negative COVID-19 test or documentation of having recovered from COVID-19 for all air passengers arriving from a foreign country to the US. On January 25, 2021, CDC posted a revision to this order. This Order will be effective on January 26, 2021. To view the order, go to https://www.cdc.gov/quarantine/fr-proof-negative-test.html.

INSTRUCTION AND LEARNING ENVIRONMENT
The following course formats were available in 2020-2021 and will continue to apply to Summer 2021 courses will remain as a contingency for 2021-2022 with CDC guidelines reviewed as the fall semester draws nearer. Employees and students are encouraged to follow CDC recommendations and be vaccinated so that we can all move back to a more traditional campus experience more quickly.

- Faculty members may use a combination of methods (e.g., face-to-face/ITV instruction, recorded course lectures and discussions, online assignments, synchronous videoconference meetings, projection to an alternative ITV room, projects) to achieve this aim.
- Laboratory groups will alternate attendance days when needed to maintain social distancing. When not possible to maintain social distancing for pedagogical or safety purposes (e.g. nursing skills lab demonstrations), students will wear additional PPE to provide reasonable health safety (e.g., face shields, gloves, surgical masks).
- Students enrolled in in-person courses who must self-isolate due to primary exposure or active symptoms should contact instructors PRIOR to class time to request shifting to online live access from home.
- For the purpose of the institutional attendance policy, in-person and online live attendance will be considered as equivalent. Students enrolled in courses with either of these formats who are not able to attend should contact instructors as soon as possible and provide documentation for any urgent medical issues that prevent attendance so that they may be given alternative opportunities to access course content. Attendance must be taken for all classes as it may be needed for contact tracing and federal financial aid purposes.
- Students who are enrolled in online live sections may meet attendance requirements with virtual attendance if they have the required computer camera and microphone and demonstrate they are engaged in the class, following the same rules for in-person participation as set by the instructor. Students who are not enrolled in an online live section who must miss due to documented school-related or medical absence can access equivalent course content either through material posted online or a Zoom link set up for temporary virtual attendance, provided the request to the instructor is made the day prior. All other attendance via Zoom is at instructor discretion.
- Whenever possible, class sessions should be recorded and recordings posted online to provide access for students unable to attend due to documented health concerns. Where recording is not possible, material may be posted online to provide students access to missed content.
- Codes of student conduct apply to online live sections just as they do to in-person classes, including dress code appropriate for a classroom setting.
- Students should connect to their courses away from children and others not enrolled in the course to avoid disruptions and to ensure content is appropriate for all listening (e.g. criminal justice issues that may not be age appropriate for children).
- Personal home backgrounds must not have offensive visuals (e.g. signs, clothing) visible to the computer camera.

Note: some courses may offer a combination of formats (e.g. face-to-face or online live depending on the students’ location).

<table>
<thead>
<tr>
<th>In-Person Classes</th>
<th>Live Online Classes</th>
<th>Online Classes</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Courses meet at designated times on one of NOC’s campuses. - Instructors are available for live instruction and office hours to assist with classroom questions, tutoring, and/or advisement. - Institutional attendance requirements must be met. - Students interact with the instructor and other students in the classroom setting and may engage with peers and staff in other social settings, including through clubs and organizations while maintaining social distancing. - A selection of coursework (including most labs, Fine Arts classes, HPER classes, and other coursework for which activities rely more on face-to-face instruction will be offered in this format with a contingency plan in place to move to online should CDC safety standards require.) - Social distancing guidelines will be applied with assigned seating to limit risk. - As needed for distancing, courses such as lab</td>
<td>- Courses meet at designated times (synchronous) but students access courses through clicking on a Zoom link. - Students may request appointments via Zoom during instructor office hours. - Institutional attendance requirements are met by students connecting during scheduled class time or in some cases with in-person attendance with social distancing guidelines followed. - Students are able to see the instructor and most classmates on the computer screen in individual windows, and instructors can share their teaching screens with students to see what would have been on whiteboards in traditional class settings. - Students interact with the instructor and other students online during real class time, engage in classroom discussion to ask questions of the instructor or other students, and can use the Chat function to post questions.</td>
<td>- Courses are taught through the Blackboard learning management site, where instructors may post any of the following: course notes, class videos, assignment sheets, etc. - Institutional attendance requirements are met by students submitting work and participating in online discussions. - Students have deadlines throughout the course but do have some flexibility in when to access materials and complete assignments. - Students do not typically interact with the instructor or other students in real time, but may use online tools such as the discussion board for online interaction and be asked to read and respond to classmates’ posts. - Instructors are available via email for questions about course material. - For lab science courses, all labs will be either virtual or “complete at home.”</td>
</tr>
</tbody>
</table>

**Technology needed:**
Computer with reliable WiFi
sciences will alternate days of attendance and virtual labs.

**Technology needed:**
Computer with reliable WiFi

- For lab science courses, labs may be integrated into class as a virtual or “complete at home” option, or students may be required to attend an onsite lab session as noted in schedule.

**Technology needed:**
Computer with camera and mic and reliable WiFi

---

**Library**
The Library will operate at normal business hours. Furniture in public spaces will be arranged to ensure appropriate social distancing with barriers or shields added in shared computer stations. When possible, library services will continue to include options for users who are unable to come into the library, for example, curbside pick-up for books and chat reference assistance.

---

**CAMPUS LIFE FACILITIES**

**Residence Halls (Enid/Tonkawa)**
The student housing plan includes reducing or rearranging shared spaces, increased frequency of cleaning, acquisition of specialized disinfecting equipment, and dedicated spaces reserved for student isolation and/or quarantine, if necessary.

The following is a list of protocols to provide safety that began August 11:

- Student Affairs staff will provide face coverings for all students at move-in.
- Student Affairs staff will provide hand sanitizer for all students while moving in.
- Students will only be allowed to have two people help them move in.
- Face masks must be worn at all times during move-in.
- There will be one point of entry and one point of exit at opposite ends of the residence halls to limit exposure.
- Couches in community lounges were removed.
- Recreation areas (pool tables, ping pong tables, etc.) are closed until further notice.
- The number of chairs available in lounges will be decreased and social distancing emphasized through appropriate signage.
- Interactions facilitated by Student Affairs staff are conducted with fewer than 10 people, unless outdoor and/or social distancing can be followed.
- Residence hall visitation will be limited to people living within your own residence hall. No external visitors are allowed until further notice.
- Appropriate social distancing must be used at all times in the residence halls. The CDC recommends maintaining a distance of six feet apart. Face coverings must be worn in all public spaces inside the facility. Examples of public spaces inside the residence hall facility will include lobby areas, hallways, game rooms, laundry rooms, and movie rooms. Exceptions will be granted for any private areas (example: bathrooms and/or showers).
- No person-to-person contact. This includes handshaking, high-fiving, and hugging, etc.
• No more than two people in a residence hall room at one time.
• We strongly recommend you wash your hands for a minimum of 20 seconds regularly. We also encourage residents to clean and disinfect your room often as well as commonly touched surfaces in your suites. Adhering to social distancing and face covering policies will be a key factor to helping prevent any sickness.
• Residents are responsible for cleaning their own personal space and are required to empty their trash in the trash receptacles located outside the buildings. No resident trash may be placed in common area trash cans such as bathrooms and lobbies.
• Perform a self-screening each morning before arriving on campus. Temperature must be less than 100.4° F/38° C. See Self-Assessment Checklist.
• Temperature checks will be provided upon request from the residence hall director. We recommend that students bring a personal thermometer with them.
• Resident Hall Students may isolate or quarantine at home whenever possible; however, if isolation/quarantine measures are implemented and the student does not go home, arrangements will be made for a separate isolation/quarantine location while the student continues to take classes via alternative delivery methods. Students should not fly or use public transportation to return home.
• If you are in isolation and/or quarantined on campus, arrangements for delivered meals will be provided by the housing staff via NOC Food Services. Delivered meals will be charged to your meal plan accordingly.

**NOC Food Services (Enid/Tonkawa)**

NOC Food Services in Tonkawa and Enid has reduced the capacity for seating to allow for social distancing within NOC dining facilities. There will no longer be self-serve stations and take-out options will be available. In addition, the following guidelines will be followed for food services:

• Grab-and-go options will be provided for meals and/or individually plated meals.
• Servers will use disposable food service items (e.g., utensils, dishes) when feasible. If disposable items are not feasible or desirable, all non-disposable food service items will be handled with gloves and washed with dish soap and hot water or in a dishwasher. Individuals should wash their hands after removing their gloves or after directly handling used food service items.
• If food is offered at any event, pre-packaged boxes or bags, or pre-plated meals should be provided for each attendee. Avoid sharing food and utensils and consider the safety of individuals with food allergies.
• Employees will serve all food to guests with no buffet style or family style meal options.
• All food service employees will wear face coverings and gloves.
• Common areas will be sanitized regularly.
• Chairs and tables will be removed to allow for six feet social distancing.
• Total guests in the cafeteria at one time will be limited.
• Items such as waffle machine, ice cream machine, and self-serve cereal containers will be relocated, and the design of salad bar has been reconfigured so that staff will serve all food.
• Screen guards have been installed in front of each serving station.
• Common dispensers for condiments and salt/pepper have been removed.

**Student Center (Enid/Tonkawa)**

Commons Area: A number of tables and chairs have been removed allowing for at least six feet distance between tables. Chairs have been removed to limit the number of guests that can sit together at each table. Recreation areas (pool tables, ping pong tables, etc.) will be closed until further notice.

Bookstore:
• Frequently touched surfaces will be cleaned regularly within the store.
Face coverings will be worn by employees at all times.
Queue lines and 6 feet apart spots will be marked within the store.
Personnel will observe if and when the store is close to capacity. When capacity is reached, only a safe number of customers will be allowed in the store while practicing the six feet social distancing rule.

**Wellness Center (Enid/Tonkawa)**
The wellness center will be opened with limited access to currently-enrolled NOC students and current employees ONLY. Hours of operation for the spring semester began January 19 for students and employees only Monday through Friday from 8 a.m. to 12:00 p.m. It will remain closed to the public. NOC has proactively frozen all memberships; upon reopening, NOC will reactivate and extend existing memberships during time of closure. Hours for athletics teams’ strength and conditioning time are staggered per sport prior to 8 a.m. and after 1:00 p.m.
Operation of the wellness center or access to is subject to change.

Policy:
- Reduced capacity to follow CDC guidelines.
- All staff and patrons will be required to wear face coverings while entering, exiting, and moving about the premises.
- The locker rooms and shower areas will be closed.
- Patrons are responsible for cleaning equipment before and after use.
- Patrons are encouraged to bring water bottles as the water fountains will not be accessible.

**Colvin Center (Stillwater)**

**ALL OTHER ACTIVITIES, EVENTS AND SERVICES**
All college-related activities and events, both on-campus and off, will be reviewed on a case-by-case basis based on the current State and CDC recommendations at that time and must be pre-approved by the appropriate Vice President and President. This includes but is not limited to the following: Livestock Judging Team, Fine Arts and Roustabouts, PLC, student activities, recruitment, alumni relations, etc. Some events may be subject to a limited audience. All event attendees will be encouraged to adhere to college policy where recommended face covering and social distancing can take place. See [Application for campus activities and events](https://www.cdc.gov/coronavirus/2019-ncov/community/large-events/considerations-for-events-gatherings.html).

All non-college events, i.e., civic club meetings, reunions, weddings, camps, luncheons/banquets, on all three campuses are suspended through May 17, 2021.

The following is a list of guidelines that will apply to all activities and events that are approved for the 2020-2021 academic year:
- Indoor events with a large number of people in attendance such as those in fine arts, recruitment, alumni and community relations shall observe CDC guidelines and local health official mandates. Capacity will be reduced to ensure possibility of physical distancing by attendees, no more than 50% capacity of maximum facility seating. For indoor sporting events, capacity will be reduced to ensure possibility of physical distancing by spectators, no more than 25% capacity of maximum facility seating.
- Face coverings are required at all indoor events. **Face masks are optional outside; however, social distancing should be followed.**
- Practice social distancing, 6 feet apart, when applicable.
- Utilize outdoor spaces when appropriate or available to give ample amount of spacing.
- Utilize big rooms on campus to be able to mark correct distancing.
- Have a registration at each activity or event if needed for contact tracing. The use of QR codes is recommended as opposed to traditional sign-up or sign-in sheets.
- Incorporate new online virtual activities when possible.
- Handouts should be given out in a safe, no-touch manner. Agendas, minutes, and other paper handouts should be provided virtually rather than printed and passed out when possible.
- Tabling can be done so long as participants maintain six feet of distance from each other and nothing is handed directly from person to person. Tabling outside is preferred to tabling inside.
- Events can be done in stages or shifts to limit the number of participants at any given time.
- Clubs and organizations should consider innovative events even if it breaks from tradition.
- All entry doors to the facility, ballrooms and bathrooms will be left open for events.
- All areas used by an event will be sanitized before and after each event.
- Chairs and tables will be removed to allow for six feet social distancing with total guests at one time limited according to CDC guidelines.

**Photography guidelines during the pandemic:**
Listed below are guidelines when taking photographs during the pandemic. To maintain campus safety, all NOC students and employees should adhere to these photography guidelines along with other guidelines and policies already established in the NOC Pandemic Response Plan. These guidelines apply on-campus and off when representing NOC in an official capacity.

- Face coverings are required if safe social distancing is not possible.
- Presentation and acknowledgment methods should be done in such a way that physical contact such as shaking hands in photos is avoided.
- Social distancing is required during staged group photographs with awards presentations, club/organization/team photographs, athletic LOI signings, etc.
- Face masks can be lowered and/or removed temporarily while photo is taken if you are social distanced.
- Reviewing of the photograph on the camera by individuals is suspended until further notice to protect the safety of the institutional photographer and eliminate contamination of the equipment.
- Coaches/sponsors or organizational representatives should be on hand to enforce social distancing and assist the institutional photographer during “headshot” or “picture day” events.
- Masks and cloth face coverings should not depict or promote the use of drugs, alcohol, extremism, offensive language or symbols, and must be worn properly over the mouth and nose.

**INTERCOLLEGIATE ATHLETICS PROGRAM**
The following are specific guidelines for basketball, baseball, softball, soccer and cheer. NOC policies and guidelines must be followed at all times. For updated Spring 2021 team schedules, visit our athletic websites at [www.nocjets.com](http://www.nocjets.com) and [www.nocmavs.com](http://www.nocmavs.com).
Below is the updated NJCAA Rules:

**NJCAA MEN’S & WOMEN’S SOCCER**
For Spring Championship Season the following will apply:
- Practice will be permitted to begin starting March 15, 2021.
- Competition will be permitted to begin starting April 2, 2021.
- Maximum of 14 games.
- All regular season, region, and district competition completed by May 24, 2021.
- NJCAA Men’s & Women’s Soccer Championships beginning June 2, 2021.

**NJCAA MEN’S & WOMEN’S BASKETBALL**
For Spring Championship Season the following will apply:
- Practice will be permitted to begin starting January 6, 2021.
- Competition will be permitted to begin starting January 22, 2021.
- Maximum of 22 games.
- All regular season, region, and district championship competition completed by April 10, 2021.

**NJCAA BASEBALL**
For Spring Championship Season the following will apply:
- Practice will be permitted to begin starting January 10, 2021.
- Competition will be permitted to begin starting January 22, 2021.
- Maximum of 56 games (not dates) against outside competition.

**NJCAA SOFTBALL**
For Spring Championship Season the following will apply:
- Practice will be permitted to begin starting January 10, 2021.
- Competition will be permitted to begin starting January 22, 2021.
- Maximum of 30 dates against outside competition.

**SPECIAL NOTES**
- All championship dates are subject to change based on championship facility availability.
- In the NJCAA, a scrimmage is athletic competition against any outside team or individual that is not an official contest or practice. Scrimmages must meet the NJCAA scrimmage definition defined in Article VII, Section 2.B and may not include more than two outside opponents.
- Official eligibility must be filed in accordance with the national bylaws prior to the first competition.
- For questions, please contact: Alan Foster, Athletic Director at alan.foster@noc.edu.
REGION 2
PROTOCOLS & POLICIES FOR
RETURN TO COMPETITION
2020-21

These ideas are representation of protocols and policies that should be considered by Region 2 for either suggestions to member schools and/or mandatory policies for Region 2.

The recommendations and requirements below apply to all region and non-region contests. The recommendations and requirements are established as a minimum standard and institutional protocols take precedents. This is a fluid document and will be amended as changes occur within CDC guidelines.

Recommendations

Social Distancing

- Social distancing should be encouraged at all times (six feet at a minimum).
- Consider limiting staff to only essential personnel.
- Consider the capacity of rooms/buildings and consider a reduction in this number.
- Large social gatherings in any spaces should be discouraged.
- Student housing, if applicable, should allow for individual sleeping rooms on and off campus.
- Consider spacing in the cafeterias, classrooms, weight rooms, athletic training rooms/locker rooms, and other on-campus venues.
- Virtual team meetings should take place when possible.
- When at practice any unnecessary contact should be avoided such as handshakes, high fives, fist bumps, or elbow bumps. Following competition, teams will leave without shaking hands, but an acceptable alternative gesture while social distancing such as wave or non-contact high five is acceptable.
- In all common areas, seating should be spaced six feet apart. Large social gatherings in any spaces should be discouraged.
- Student athletes should sit every other seat on a bench and should consciously stand six feet apart when not participating in a drill or activity that requires closer contact.
- Face coverings are required at all indoor events and fans, staff, and other event attendees must wear a mask. **Face masks are optional outside; however, social distancing should be followed.**
  - Athletes should limit contact with spectators when possible.
  - Athletes will wear face masks when not playing on the field or court.
  - Cheerleading squads will wear face masks when cheering on the sideline during games. Exceptions to mask policy for Cheer include for tumbling and the longer choreographed routines performed at halftime or during competition.
    - Per the Region 2 protocol, cheer/dance will be allowed on the court (out of bounds) during basketball games, but not allowed to enter the playing court during timeouts.
      - Cheer/dance must wear facemasks and remain social distanced from each other during the game.
      - At half-time, cheer/dance can enter the playing court and can remove face mask to perform their cheer/dance routine(s).
      - All cheer/dance must participate in daily/competition screenings as outlined in Region 2 protocol.
  - Coaching and athletic training staff will wear masks at all times.
  - Concession stands at outdoor sporting events must utilize a plexiglass window, gloves and masks for servers, and only drinks will be handled by the servers. Only pre-packaged food and drinks will be available. Concessions will not be available this season for indoor sporting events and there will be no food or drink allowed in the gym.
Sanitization

- All equipment and locker rooms will be cleaned between each individual use.
- Develop a schedule for increased, routine cleaning and disinfecting of athletic facilities and equipment.
- Hand sanitizer should be made available throughout the facility for use before, during, and after workouts.

Pre-participation Exams

- Pre-participation exams should be spaced out by teams and limit the number of people in a space to the practitioner and individual getting screened.
  - This can be accomplished by limiting the number of teams that can be screened in one day and doing the screens by appointment time, so you do not have large groups congregating waiting for their turn.
  - The following forms are available on NJCAA Connect:
    1. Physical Examination Form
    2. Physical Examination History Form
    3. Preparticipation Clearance Form
    4. Athlete with Special Needs Supplemental History Form

Requirements

Daily/Competition Screening

- Student athletes, coaches, and staff should be screened daily before practice/competition with no-touch temperature checks and a questionnaire.
- A positive screen that would warrant further investigation would be a temperature greater than 100.4°F or a “yes” response to any of these three questions:
  1. Do you have new onset cough or shortness of breath?
  2. Have you had a fever or had symptoms of a fever?
  3. Have you had known exposure to a COVID-19-positive individual within 14 days (direct contact within six feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period)?
- A failed screen (temperature >100.4 or positive symptom that is not explained (cold, allergies, etc.).
- 10-minute acclimation period before re-temperature check to see if the environment is a factor.

Team Travel

- Prior to travel for athletic competition, coaches, athletes, drivers and other team personnel will be screened for illness.
- The traveling team’s official will screen traveling athletes before boarding transportation. Screening should take place inside a controlled environment to ensure temperature accuracy.
- Athletes with symptoms related to illness will not be allowed to board transportation or travel to away competition. An athlete with a positive screen will be suspended from travel.
- Screening and temperature check will be conducted at the host site upon arrival and recorded on the Region 2 Covid-19 Screening Form by the host’s designated official.
- Copies of each team’s screening will be available upon request.
- An athlete with a positive screen will be suspended from competition and could be grounds for game cancellation.
- All visiting teams will follow institutional rules for use of the Athletic Training Room.
- Traveling teams will be asked to abide by the policies in place of the host including what facilities are available and guidelines of use per specific facility at the time of competition.
  - Teams should contact host institution’s athletic department prior to traveling for specific institutional policies or changes.
Game Management Personnel/Officials

- Prior to travel game officials will conduct self-temperature checks. If the official has a positive temperature of 100.4º, a replacement official is warranted.
- Game officials will be included in the onsite screening process at the host site. Any official who fails the on-site screening process will not be compensated for time and travel.
- Region 2 will require host administrators to screen all game day management personnel to include table crew, PA operator, gate keepers, security and other personnel.
- Whistle with covers/bags/shields are preferred. Electronic whistles are permissible.
- Some form of face mask or whistle covering must be utilized by officials. Any face/whistle cover must be unadorned and black in color.
- Eye protection may be worn and must be shatterproof goggles or glasses.
- Gloves may be worn and must be unadorned and black in color.

In/Post Game

- All individuals necessary for competition will be classified into tiers, as described here. Tiers are based on the ability to wear face masks/face covering, the ability to practice social distancing of 6 feet or greater, and their respective role for the competition. All individuals should wear masks and physically distance whenever possible.
  - Tier 1- Individuals that it would not be possible to physically distance or wear masks effectively during athletic training or competition. This should only apply to athletes currently active in physical exercise, for example; during workouts, practice when active, and players on field/court during competition.
  - Tier 2- Individuals who come in contact with Tier 1 individuals but can reasonably maintain physical distance and use face coverings during the interaction. This includes student athletes, officials, coaches, medical staff, and operational staff. All Tier 2 individuals should wear face mask/face coverings and physically distance.
  - Per the Region 2 protocol, cheer/dance will be allowed on the court (out of bounds) during basketball games, but not allowed to enter the playing court during timeouts.
    - Cheer/dance must wear face masks and remain social distanced from each other during the game.
    - At half-time, cheer/dance can enter the playing court and can remove face mask to perform their cheer/dance routine(s).
    - All cheer/dance must participate in daily/competition screenings as outlined in Region 2 protocol.
  - Tier 3- Individuals who provide event services but are not in the same vicinity of Tier 1 individuals. This includes housekeeping, catering, media. Tier 3 individuals should minimize contact with Tier 2 individuals and should always use physical distancing and utilize face masks/face coverings.
- Spectators are not a part of Tiers 1, 2, or 3, and will observe local health official mandates. Spectators will be separated from Tiered individuals. Capacity will be reduced to ensure possibility of physical distancing by spectators, no more than 25% capacity of maximum facility seating. Visiting teams will be allowed 20 seats of the 25% capacity. Visiting schools will provide the host with a pass list upon arrival. Host schools may adjust capacity if visiting institution does not use their allotted number of seats.
- When possible, limit all contact between teams. This to include any contact not required by that sport.
- Teams will immediately exit the venue so game management personnel can begin the disinfection process.
- All players and coaches must have their own water bottles or cups. Host team will be required to provide water. No disposable cups will be provided by host team.
- All attending event should enter and exit facilities utilizing designated doors only.
• Teams should not shake hands after the game; instead a wave or non-contact gesture can be substituted.

**NOC Attendance Protocols for 2021 Basketball Season – Released 1.15.2021**

According to the protocol, no fans will be allowed for the start of the spring basketball season in January. For spring schedules, view athletic websites at www.nocjets.com (Enid) or www.nocmavericks.com (Tonkawa). Following NJCAA, and CDC guidelines Northern Oklahoma College will follow the protocol listed below for fans for the 2021 men and women’s basketball season starting February 1. All participants will adhere to Northern Oklahoma College Pandemic Policies. Face masks will be required at all times while in the fieldhouse. Those in attendance need to maintain social distance of at minimum 6 feet and use hand sanitizers.

To comply with NJCAA Region 2 Guidelines, the gymnasium will be limited to 25% of maximum seating capacity. Due to distances required around the team benches, cheer squad, and pep band, the maximum number of fans allowed in the gym for each game will be 165 people in Tonkawa and 180 people in Enid. There will be no general admission or season tickets issued.

Each student athlete including cheerleaders will receive two complimentary (free) passes for each contest. NOC coaches must provide the office of athletics the completed pass list by 9 a.m. on gameday or the Friday before weekend games. NOC coaches and athletic administration will be allowed two tickets per game to share with recruiters or others. Advance requests for a press pass for sportswriters and photographers will be honored. NOC will provide the required 20 tickets per team for visiting opponents. These visitors will sit in a designated area.

There will be 20 free tickets available through a lottery system each game for NOC students and NOC employees to be placed on the pass list. There will also be a lottery of 20 free tickets for alumni, community members and friends of the College. Those wishing to be in the ticket pass drawing should complete the lottery form online https://www.noc.edu/athletics/basketball-pass-lottery/.

Those selected will be notified by 9 a.m. on gameday or the Friday before weekend games. Each guest will submit to non-contact temperature screening of less than 100.4 to be allowed entrance to venue. Guests must present an ID to match the name listed on the pass list to receive a complimentary bracelet to be allowed admission. The bracelet must be worn and visible throughout the contest. The bracelet only allows admission to games on a specific date.

Concessions will not be available this season and there will be no food or drink allowed in the gym. Guests will enter the main doors and exit the designated exit following contest. Tonkawa: Guests will exit southeast doors. Enid guests will exit Northwest doors.

A separate set of guidelines is in place for athletes, coaches, officials, and the scorers' table per NJCAA Region 2 rules. These guidelines are shared with these respective groups.

To ensure the safety of our students, staff, and visiting teams, Northern Oklahoma College respectfully requests guests attending the games to fully cooperate with the protocols described above.

Most home games and electronic programs should be streamed for online viewing for those unable to attend in person. https://www.noc.edu/athletics/streaming/ Plan is subject to change and updated as needed. For more information, please contact student affairs at leeanna.bowling@noc.edu, 580.628.6240 (Enid/Tonkawa) or the athletic director at alan.foster@noc.edu, 580.628.6345 (Tonkawa), or 580.548.2345 (Enid).
Post Season Competition
• Member colleges should adhere to all state and local regulations and guidelines regarding food service for concessions and hospitality rooms.
• Championship host should follow all safety protocol recommendations provided to NJCAA member colleges for regular-season competition.
• Coaches or the Athletic Director should request a social distancing plan from the host prior to the start of the event, including fan ingress, fan egress, fan seating.
• Temperature checks are required for student-athletes, coaches, and game personnel prior to each entry into the venue.
• Host should encourage social distancing and directional signage in venue.

Contests
• Current circumstances may not allow for all competition to be completed.
• All efforts by both institutions should be made to re-schedule all Regional competition.
• All post-season qualifications will be based on regional winning percentage.

Testing
• Any athlete that fails a Covid-19 screen will be recommended to have a Covid-19 test or required to quarantine in accordance with CDC guidelines unless medically cleared by a physician, nurse practitioner or Physician’s Assistant.
• Any athlete that has been exposed through the contact tracing process who is currently not demonstrating COVID-19 symptoms will be required to complete 14-day quarantine. Any student athlete that has been exposed will be tested according to NOC protocol. A Covid-19 positive athlete is required to isolate in accordance with CDC guidelines for a minimum 10 days.
• If an athlete tests positive within 5 days from a contest, the athlete must disclose the positive test to the coach who must inform the opposing team(s) within 24 hours of receiving the positive test results.

COVID-19 Protocols at Winter Championships
For 2021 winter (indoor) championships, all members of team travel parties will be required to complete COVID-19 testing within 96 hours prior to arriving at the NJCAA championship. Documentation showing proof of testing must be turned into the Host Representative before the team receives their tournament credentials.

Acceptable documentation includes:
  o Proof of a negative COVID-19 test
  o Proof of vaccine completion
  o Proof COVID-19 in the last 90 days but no current symptoms

Each team participating in an NJCAA championship will be required to turn in a symptom tracking and confirmation form on each day of competition. Forms may be turned into the NJCAA representative, NJCAA Sports Chair, or the Host Representative upon arrival at the facility. Screening should be completed within six hours of the beginning of the contest.

More specific information and instructions will be provided in the pre-championship packet and discussed at the coaches meeting.
NJCAA Championships Communication – Postseason Competition

As teams prepare for postseason competition, the NJCAA is providing further clarification on updated championship alternate processes due to COVID-19. The process detailed below will be used for the 2021 winter/indoor championships only and will replace the existing replacement policy detailed in the NJCAA Sport Codes.

2021 Winter/Indoor Championship Alternate Process

The respective sport committee will select and rank eight (8) alternate teams during tournament seeding. The alternate teams will be used to participate in the championship should any district champion and/or at-large selection be unable to participate.

In the event a district champion is unable to participate in the championship, the following process will be used:

I. District runner-up

II. If the district runner-up is unable to participate, the replacement team will be selected from the alternate list provided by the sport committee during tournament seeding.

III. If the district runner-up is an original at-large selection, the replacement team will be selected from the alternate list provided by the sport committee during tournament seeding.

Note: A district may not have more than three teams participating in the championship.

In the event an at-large selection is unable to participate in the championship, the replacement team will be selected from the alternate list provided by the respective sport committee during tournament seeding.

NORTHERN OKLAHOMA COLLEGE ATHLETICS
GRADUAL RETURN TO PLAY FOLLOWING COVID 19

Student athletes at Northern Oklahoma College Enid and Tonkawa will follow a gradual return to play after testing positive for Covid-19. Each athlete will follow the six-step chart below to ensure a safe return to play. They will be assessed individually and the protocol may vary depending on their needs. The health and well-being of our athletes is a priority. This protocol provides a safe return to play following Covid-19.
Understanding that livestock workouts and competitions are closed events to the public, we have taken into consideration the following recommendations from the CDC Guidelines for COVID-19 Prevention. Judging activities planned from August through December of 2020 provide an opportunity to balance career opportunities for students and economic recovery considerations with safety considerations in light of the ongoing COVID-19 issues. The following characteristics of livestock judging activities provide an ability to modify aspects of the events to ensure greater precautions:

- The livestock team be considered a “family unit” or cohort group based on the amount of time these students have and will spend together.
- Students and coaches are not confined to a single location in close proximity.
- Capacity can be reduced/managed to allow for appropriate social distancing through the utilization of outdoor facilities for most activities and limited access to enclosed areas.

Judging workouts and competitions occur primarily outdoors and in large open-air barns, which provide the opportunity of safe social distancing. The activities and interaction associated with the events can be accomplished with distancing of 6 feet or more and a very limited number of common contact points as a result of the event parameters described below.

**Measures added to account for health and safety guidelines:**

- **Closed to the public.** Numerous changes detailed below have been added to limit the number of attendees.
Signage: Placed throughout the facilities, signage will remind attendees of physical distancing requirements and general health and handwashing reminders.

Sanitizer stations: Will be carried in judging vans and located around facilities of contests.

Doors: All doors will be propped open to limit the number of people having to touch the doors.

Common Contact Point: Enhanced cleaning/sanitizing of restrooms or any other common contact points.

In Person Oral Reasons: Contestants typically stand 8–10 foot away from reasons takers during judging competition. This is the only part of judging competition requiring two people to be in the same room. Contests will also include physical barriers (like Plexiglass) in between reason takers and reason officials that are in the same room together. The oral reasons portion of the contest will be held outdoors when possible.

Social Distancing: Other parts of workouts/judging contests can be conducted in a socially distanced format. Contests are incorporating drop boxes at class end, to hand in class placing cards, rather than handing them to a group leader.

Upon Arrival
- Any student who is showing signs of COVID-19 shall not be allowed to check-in until symptom free for 24 hours or has a negative test. Any student who has been exposed to a person testing positive for COVID-19 shall not be allowed to check-in and should quarantine at their home for a 14-day period.
- Students will be instructed on NOC COVID-19 procedures, proper hygiene, and the importance of social distancing.

Face Coverings
- Facial Coverings will be required to be worn during indoor team training, team travel on buses, vans or college sponsored trip vehicles, and face-to-face meetings where social distancing is not permitted and within all college facilities while not engaged in a workout. We will have a supply of masks available to participants.
- Face coverings are required at all indoor events. **Face masks are optional outside; however, social distancing should be followed.**

General Guidelines
- If a student shows any signs/symptoms of COVID-19, NOC’s guidelines will be followed and appropriate personnel will be contacted. The student will be encouraged to be tested for COVID-19. If the student tests positive they will be told to isolate for the standard 10 days.
  - If test is positive
    - Student should notify the coach immediately. The coach will notify the department chair.
    - Student will be encouraged to return home if possible.
    - Student will be quarantined if they cannot return home.
    - Student will remain in quarantine area at all times.
    - Student will access courses through web-conferencing and/or online.
    - Student may return after negative test and/or if free of symptoms for 72 hours.

Practices/Workouts
- All students will do a self-screening prior to each practice or workout.
Outdoor workouts will be conducted as normal while practicing social distancing whenever possible; wearing face masks and face coverings will be optional.

During indoor workouts, social distancing will be practiced best if possible and face masks will be required.

### Team Travel

- Prior to team travel, all students, coaches, drivers and other team personnel will be screened for illness.
- All students will go through a health screening prior to departure.
- Students will be required to wear a mask during travel to and from events.

- **LIMITING SOCIAL ACTIVITY:** Students will limit exposure to others outside of team and avoid close contact with people who are sick during the schedule. During travel necessary for practice and competition, team members will be asked to act like a “family unit.”

- **COACHES**
  - Coaches will wear a face covering or practice social distancing while directing team or in team meetings.

While the outline above is the plan today, the NOC Pandemic Response Team continues to explore different scenarios to be able to ensure that this extremely beneficial, educational opportunity is available to students.

---

**NORTHERN OKLAHOMA COLLEGE DEPARTMENT OF FINE ARTS**  
**Covid-19 plan for theatrical performances**

Per the request of our administration, the Fine Arts faculty have met and discussed a plan to make our fine arts season safe for audiences and performers in the wake of the Covid-19 pandemic. Listed below are some of the changes being implemented this semester.

- Submit Application for Campus Activities and Events for consideration prior to any publicity/promotions.
- Titles with smaller cast sizes for plays and musicals will be chosen, allowing for easier social distancing.
- Face coverings are required at all indoor events. **Face masks are optional outside; however, social distancing is still required.**
- Masks will be required for students at all auditions, rehearsals, and backstage during performances.
- Masks will be required for audience members. Signs will be posted to remind everyone of masks and social distancing requirements.
- Show direction will prioritize distancing on stage, striving for a minimum number of people on stage at one time while also maintaining safe distances.
- Musicians will wear masks and perform on stage rather than in the orchestra pit.
- Bathrooms in the art gallery (lobby) are labeled for a maximum capacity of four people.
- Dressing room will not be used for makeup application. The Choir room will be utilized instead.
- Audience will social distance in theatre. Theatre seats will be labeled for distancing. Theatre seats will be assigned to audience members when entering the lobby using a map of the theatre and the numbers on seats. Performances will be limited to 50% maximum capacity in audience seating.
- Seats and touchpoints will be cleaned and disinfected before every performance.
- South doors will be locked every evening to prevent visitors from entering anywhere but the north doors. This will minimize traffic and mingling through the building’s south side where students will be.
• Concession stand will utilize a plexiglass window, gloves and masks for servers, and only drinks will be handled by the servers. Only pre-packaged food and drinks will be available.
• All shows will be streamed for audiences who choose to view from home.

Plans for the Operation of Northern Oklahoma College in preparation for, and during the 2020-2021 academic year are subject to change based on current COVID-19 conditions. NOC protocols are effective until amended in writing. Announcements and updated information will be posted when they are available on the college website at http://www.noc.edu/emergency/.
