Difference between a “Drop” and a “Withdraw”

All requests should be made to the NOC Registrar's Office. Do not ask your instructor, parent, or counselor to request the action.

- A **“Drop”** means a student can drop the class and NOT have to pay for the course and NOT receive a grade. It is as if they never enrolled in the course.
 - PAY ATTENTION TO THE ACADEMIC CALENDAR: <https://www.noc.edu/calendar/> The “Drop” date is ALWAYS within the first two weeks of classes and is different for the 1st 8-week, 16-week, and 2nd 8-week courses.
- A **“Withdraw”** means a student withdraws from the course, WILL pay for the course and WILL receive a final grade of “W” on their transcript. A “W” does not affect a student's GPA, but can affect their future completion rate for their future financial aid.
 - For example: A student enrolls in 2 courses (6 hours) and successfully makes an “A” in one course and withdraws from the other. The student now has a “W” and a 50% completion rate. To maintain future financial aid eligibility, students must maintain a 67% completion rate. There is a chance that when students enroll in college as a freshman, they will enter on financial aid warning.
 - PAY ATTENTION TO THE ACADEMIC CALENDAR: <https://www.noc.edu/calendar/> The “withdraw” date is near the end of the semester and the dates are different for 1st 8-week, 16-week, and 2nd 8-week courses.
