The All- Oklahoma Academic Team Program provides statewide recognition to outstanding two-year college students.

To be eligible, students must be nominated by their college president to the All-USA Academic Team. Nominees must be eligible to graduate during the 2023 academic year and hold a minimum of a 3.50 cumulative grade point

average out of a possible 4.0 on all college-level coursework completed in the past five years.

Oklahoma is one of 39 states participating in the All-USA Academic Team Program. The State Academic Teams were introduced in 1994 to provide scholastic recognition to community college students, while promoting excellence at two-year colleges.

Also, each year Presidents of Oklahoma Community Colleges select deserving students from across the State of Oklahoma to receive a \$1,000 tuition waiver, which may be applied to tuition for the upcoming 2023-2024 academic school year at \$500 per semester.

The President's nominees are selected for their outstanding academic achievement, their record in the classroom and their leadership ability. Nominees must be a graduating high school senior or attend a community college. Certificates will be presented to all of the tuition waiver students.
