"Late-start classes are offered for both current students who wish to pick up additional credits and for those students who may have been uncertain about fall plans but now wish to get a start on their college education," said Dr. Pam Stinson, Vice President for Academic Affairs

#### Family Education Rights and Privacy Act

Northern Oklahoma College may provide directory information in accordance with the provisions of the Buckley amendment—Family Rights and Privacy Act of 1974—as amended, without the written consent of an eligible student unless it is requested in writing that such information not be disclosed. It is the policy of Northern Oklahoma College that directory information may be released without prior consent of the student unless the student formally requests that such information be kept confidential. Current eligible students may prohibit general disclosure of this directory information by notifying the Registrar in writing, within ten (10) calendar days after the first scheduled class day of each semester, to be applicable for that semester; however, a request may be filed at any time. Northern Oklahoma College will honor the request for one academic year only. It will be assumed that the failure on the part of a student to request the withholding of directory information indicates the student's consent to disclosure. Any questions concerning the student's rights and responsibilities under the Family Education Rights and Privacy Act should be referred to the Registrar.
