Vaccination Incentive Program ongoing

Northern Oklahoma College is offering a COVID-19 Vaccine Incentive Program for students and employees.

"The health of our students and employees in our NOC Family is of critical importance," said NOC President Dr. Clark Harris. "As the cases decreased this summer many people dropped their guard to COVID-19, although we are learning that the variants have increased transmission rates and that people that are testing positive is back to the November 2020 levels. We have learned that people that are vaccinated are less likely to become infected, and if in-

fect the severity of their illness is greatly reduced."

"NOC wants to help keep you healthy, keep you learning in the classrooms, and allow you to stay active in college athletics and activities," Harris added. "We can best accomplish this by having as many people vaccinated as possible at all NOC campuses. We are incentivizing this by creating a COVID-19 Vaccination Incentive Contest."

Masonic Grant apps due Sept. 15

The Northern Oklahoma College Foundation is offering grants through the Masonic Fraternity of Oklahoma Endowment and the Presidential Partners Program.

These funds are made available to Northern Oklahoma College programs, students and employees whose proposed projects support the Foundation's mission of providing quality educational experiences. NOCF annually determines fund availability and will award grants based on annual earnings of the endowments.

The request forms are to be completed and returned to the Office of Development and Community Relations. The Masonic Endowment request is to be used exclusively for student support. The deadline for Masonic Endowment Grant consideration is September 15.

Presidential Partners funds may be used for student or employee support. Presidential Partners Grant requests may be submitted any time during the year. The Foundation will do its best to provide full or partial funding for all requests; however, submission does not guarantee any funding will be granted.

In 2020-2021, Presidential Partners Program awarded nearly \$70,000 to support the NOC campuses, NOC students and NOC employees during the ever changing environment that was created during the COVID-19 pandemic. Below are some highlights of how the program was utilized during the last academic year:

- President's Leadership Council (PLC) — Provided funds to President's Leadership programs at Tonkawa, Enid and Stillwater to support activities as well as promotional items for PLC scholarship students during the 2020-2021 academic year.
- NOC Employees — Provided funds at Tonkawa, Enid and Stillwater to support employee professional development opportunities and enhancements, and NOC employee Christmas gifts during 2020-2021 academic year.
- NOC Institution — Fully funded four new defibrillators installed in the Renfro Center and Kinzer Performing Arts Center at NOC Tonkawa, the Gantz Center at NOC Enid and the NOC Classroom Building at NOC Stillwater.
- Nursing — Provided funding for new lab coats for all nursing faculty and a training defibrillator to be used by the Nursing Program at each location.
- NOC Alumni Relations — Virtual Spirit Week was sponsored by NOC Alumni Relations during the week leading up to graduation. Special events were held on NOC social media to highlight past alums and new alums. During the week, graduates were encouraged to post how NOC was life changing for them.
- Language Arts — Provided funds for honor composition students to work with online learning students during the COVID-19 pandemic. The project, which focused on gratitude, consisted of writing letters to individuals they are grateful for, reading books, and creating a book of their own.
- NOC Recruiting and Retention Mini Grants — New for the 2020-2021 year, NOC employees were asked to submit grants as a way to boost recruiting and retention efforts. The grant committee selected twenty-three proposals to award \$25,000 that was earmarked for this program. Some examples of these grants were updating institution, campus and division recruiting totes, an NOC podcast series, #NOCSocialMedia - student run social media platforms, and expansion of the faces of NOC campaign.
