NOC hosts ‘Access to Success’

Northern Oklahoma College held its first annual ‘Access to Success’ in the Cultural Engagement Center at NOC Tonkawa on Tuesday.

Over 40 Native American high school students attended the four-hour session to learn about NOC. Students from Tonkawa, Pawnee, Pawhuska, Enid, Frontier, Shidler, and Crescent attended the event.

During the session, Vice President for Enrollment Management Dr. Rick Edgington showed students how to apply to NOC. Students also learned about concurrent enrollment for high school juniors and seniors.

Dr. Edgington also asked students to fill out a worksheet showing students how the cost of

college can be negated by grant and scholarship opportunities.

Students asked questions to three panelists including NOC adjunct instructor Daniel Sheron, Willie Street, and Chris Littlecook to better understand the barriers for Native American students. The session was moderated by T.L. Walker, Director of the Institute for Tribal Government for NOC. The panelists shared their educational experiences and discussed opportunities for students.

Students then toured the NOC campus with recruiter Bryan Hook, retention specialist Dar-

After lunch, students met with Kelly Jordan, Financial Aid Counselor, and Scholarship Coordinator Kerri Gray.

Students then met with representatives from Agriculture & Biological Sciences, Business, Fine Arts, Health, Physical Education & Recreation, Language Arts, Math, Nursing, Pre-Engineering/Process Technology, and Social Sciences.

NOC President Dr. Clark Harris welcomed the student group to NOC.

“We are so glad you are here on our campus today and we are glad you may be considering NOC,” he said. “NOC offers so much for students and we hope to show you that today

during your visit.”

The event was coordinated by Kathleen Swain, Coordinator of NOC’s Student Academic Success Center.

“I want every student to know that college is an achievable option, if that is the pathway that can help them achieve their personal and career goals,” Swain said. “No student should ever feel like they aren’t able to go to college because of academic or financial reasons. NOC offers resources that can help students overcome challenges they may face because ultimately we want every student to be successful.”

The program is funded by an Equity Transfer Initiative grant. NOC is a partner with OSU in the project.

The William W. and Dorotha L. Phelps Educational Loan and Scholarship fund, originally established in 2011 and amended in 2014 and again this summer, will now provide up to 10 (ten) \$1,000 scholarships to deserving students majoring in engineering or business. Recipients must be a graduate of Ponca City High School and enrolled full-time at NOC Tonkawa.

“We strongly believe in the mission of the two-year college and are excited to help the first three recipients of our scholarship,” the couple said. “We are excited to provide Po-Hi graduates the same educational opportunities we had.”

Bill and Susie met in the first grade and are 1956 graduates of Po-Hi and 1958 NOC graduates where they both received associate degrees, Bill in engineering and Susie in business administration. They continued their education at Oklahoma State University where both earned bachelor’s degrees, Bill in mechanical engineering and Susie in business administration. Bill later received his master’s degree in petroleum engineering from The University of Oklahoma. In 2017, Bill Phelps was inducted into the Northern Oklahoma College Distinguished Alumni Hall of Fame.

NOCF executive director Sheri Snyder stated, “NOC is grateful and blessed to have alumni such as Bill and Susie Phelps who are continuing on their tradition and commitment to higher education in Oklahoma and to their alma maters by establishing a scholarship to benefit students of academic merit in engineering and

business.”

Interested students should apply by completing the online scholarship application through the NOC scholarship office at www.noc.edu/scholarships.

The NOC Foundation serves as a private fundraising organization for NOC, as designated by the NOC Board of Regents. Its primary purpose is to enhance the educational opportunities and the overall environment of NOC through scholarship and program support.

Northern Oklahoma College, the state’s first public two-year community college, is a multi-campus, land-grant institution that provides high quality, accessible, and affordable educational opportunities and services.

NOC serves nearly 4,000 students through the home campus in Tonkawa, branch in Enid, and NOC/OSU Gateway Program in Stillwater. Of these students about 80% receive financial aid and/or scholarships. 75% of NOC students complete their degree with zero debt.

The college is accredited by the Higher Learning Commission (HLC) and offers associate degrees in three general areas: Arts, Science and Applied Science; the Accreditation Council for Business Schools and Programs (ACBSP); and the Accreditation Commission for Education and Nursing (ACEN)
