The September NOC Enid Planetarium show at the Mackie Planetarium will be offered on Tuesday, Sept. 3 at 7 p.m.

The September show will present the night sky over Enid during autumn and point out where constellations, planets and other interesting objects may be found in the evening sky.

Osell said the show will highlight features in the southeastern sky in early evening. The planet Saturn will be visible in the constellation Aquarius. Osell will point out stars having known planetary

systems.

The feature show is entitled "From Earth to the Universe." Visitors will see how astronomy has developed over time and how the view of human's place in the universe has changed as a result.

Osell said that visitors will take a tour of the planets in the solar system.

There is no charge for the show. Donations of non-perishable food items for Our Daily Bread are welcome but not required.

Masonic Foundation Grant applications due Sept. 15, presidential partner grants available

The Northern Oklahoma College Foundation is offering grants through the Masonic Fraternity of Oklahoma Endowment and the Presidential Partners Program.

These funds are made available to Northern Oklahoma College programs, students and employees whose proposed projects support the Foundation's mission of providing quality educational experiences.

NOCF annually determines fund availability and will award grants based on annual earnings of the endowments.

The request forms are to be completed and returned to the Office of Development and Community Relations.

The Masonic Endowment request is to be used exclusively for student support. Deadline for Masonic Endowment Grant consideration is September 15.

Presidential Partners funds may be used for student or employee support. Presidential Partners Grant requests may be submitted any time during the year and will be reviewed on a first come first served basis.

The Foundation will do its best to provide full or partial funding for all requests; however, submission does not guarantee any funding will be granted.

If any further information is needed, please call the Development Office at 580.628.6789.
