## **2024 Biennial Review**

### **Drug Free Schools and Communities Act**

#### **Introduction**

Northern Oklahoma College (NOC) has in place effective policies and procedures designed to comply with the Drug-Free Schools and Community Act (DFSCA), state laws, governing board policies, and NOC policies regarding drug and alcohol use. These laws and policies are intended to reduce and prevent the problems associated with the use or misuse of these substances, ultimately creating a safer and healthier environment for the College community.

This biennial review report is divided into the following sections:

1. Biennial Review Process
2. General Conclusions
3. Educational Programming
4. College Policies and Compliance with Federal Legislation
5. Distribution of Written Policy
6. Legal Sanctions
7. Health Risks
8. Resources

Individuals with questions or comments concerning the biennial review may contact the NOC Dean of Students at the following address:

#### **Biennial Review Process**

The Biennial Review Committee met during the Fall 2024 semester to review components essential to the College's drug and alcohol program: policy statements, publications, services, data collection, educational programming, campus life, alternative student activities, and data on student and employee conduct. Represented on this committee are the Vice President of Student Affairs, Dean of Students, Coordinator of Student Activities and Residential Life-Enid, Coordinator of Residential Life and Student Disabilities-Tonkawa.

The major objective of this review is to evaluate where NOC falls in meeting the criteria for the DFSCA.

## General Conclusions

While NOC meets standards for the DFSCA, we recognize that more programs and initiatives could be in place as preventative measures to the student body. We have noticed that over the years it is a constant battle to curb underage drinking and drugs abuse on campus. Having small numbers is our goal and we are always trying to find ways to increase our education.

**College Compliance with Federal Legislation****I. College Policy****Student Policy:**

The NOC Alcohol and Drug Abuse Policy listed in the Student Code of Conduct for 2024-2025 is currently under review by the Student Affairs Review Committee for the 2024-2025 year. The alcohol and drug policies will be reviewed by this committee, led by the Dean of Students, annually. The policies are currently stated as follows:

**NOC Drug and Alcohol Policy**

As set forth in local, state, and federal laws, and the rules and regulations of the College, Northern Oklahoma College prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees in buildings, facilities, grounds or other property owned and/or controlled by the College. or as part of College activities. Northern Oklahoma College will conduct biennial reviews of this policy/program to evaluate its effectiveness. The College will implement changes if needed to ensure that disciplinary sanctions are consistently enforced.

**Medical Marijuana**

Even though medical marijuana is now legal under Oklahoma law, it remains illegal under federal law. As a recipient of federal funding, Northern Oklahoma College must abide by federal law which prohibits the unlawful manufacture, distribution, possession, and use of illegal drugs including medical marijuana. Regardless of having a license for medical marijuana, its use on campus or at college events is strictly prohibited and violation of Northern Oklahoma College policy regarding controlled substances such as marijuana may result in disciplinary action.

## **Housing and Residential Life Policy:**

### Alcohol

NOC, including all residential buildings, prohibits the possession, distribution, manufacture, or use of alcoholic beverages on its property. Alcohol bottles or containers, including boxes, may not be in the residential area nor displayed as decoration even if they are empty. The possession or consumption of beer or other alcoholic beverages in College residence halls, on College property or at any affair sponsored by or for a student organization is prohibited.

### Drugs

The use of illegal drugs is prohibited in all residential buildings.

The use of products containing tobacco (including, but not limited to, cigarettes, cigars, pipes, e-cigarettes, vapors, smokeless tobacco including chewing on an unlit cigar or any other tobacco products) is prohibited. This policy also prohibits the use of herbal tobacco products and simulated tobacco products that imitate or mimic tobacco products.

## **Employee Policy:**

### Use of Alcohol and Drugs

Northern Oklahoma College is a drug free workplace. All college employees are prohibited from unlawfully manufacturing, distributing, dispensing, possessing or using a controlled substance on any and all properties owned or leased by Northern Oklahoma College including buildings, land, and vehicles; or as part of any on campus college-sponsored activity. It is the policy of NOC that state employees who use or possess illegal drugs in the workplace or abuse controlled substances will be subject to disciplinary action up to and including termination.

The legal use of prescription drugs is permitted on the job only if they do not impair an employee's ability to perform the essential functions of the job effectively and in a safe manner as prescribed that does not endanger other individuals in the workplace. Employees using prescribed medication that may impair ability to operate equipment and vehicles are not authorized to drive or use equipment. Employees with drug or alcohol addiction, that have not resulted in and are not the immediate subject of disciplinary action, may request approval to take leave (paid or unpaid) to participate in a

rehabilitation program. Under the Drug-Free Workplace Act, an employee who performs work for a government contract or grant must notify Northern Oklahoma College of any criminal conviction for any drug related activity occurring in the workplace. The report must be made within five days of the conviction.

They may also wish to discuss the matter with their supervisor, vice president or Human Resources to receive assistance or referrals to the appropriate resources. Employees with questions or concerns about substance/alcohol dependency or abuse are encouraged to use the resources available in the Student Affairs Office. The consumption or storage of alcohol by college employees on the property of Northern Oklahoma College is prohibited and may result in discipline up to and including discharge from employment. Violations of this policy may lead to disciplinary actions up to and including immediate termination of employment. Such violations may also have legal consequences.

### Employee Assistance

While the College does not offer a full-fledged employee assistance program, it recognizes that personal problems not associated with an individual's job can be detrimental to an employee's health, well-being and job performance. Consequently, the College believes it is in the interest of everyone to assist employees in resolving problems as the need arises. To this end, Human Resources maintains up-to-date information on a variety of community resources on a self-referral basis. Contact Human Resources for assistance. All inquiries and communications are held in confidence.

Participation in the employee assistance program does not excuse employees from complying with normal College policies or from meeting normal job requirements during or after receiving assistance. Participation in the program does not prevent the College from taking disciplinary action against any employee for performance problems.

## **II. Distribution of Written Policy**

The Student Code of Conduct may be found on the NOC website at <https://media.websitcdn.net/sites/740/2024/08/Student-Handbook-2024-2025.pdf>

All on-campus residents receive the alcohol and other drug policies in the Residential Life Handbook provided in their move-in packet upon entering on campus housing. Additional copies of this policy may be found in the NOC Student Affairs Office or on the NOC website.

The policy will also be sent to every student and employee to the NOC email accounts.

All full-time employees are required to read the NOC Employee Handbook containing alcohol and drug policies. The handbook is also accessible through the Human Resources website for all employees. Employees also receive an e-mail at the start of each academic year which contains a link to the employee handbook.

### **III. Effectiveness of Alcohol Policy and Education Programs**

NOC analyzed data and assignment completions gathered in Freshman Orientation Classes. This tool is called “Alcohol and Other Drugs” and is a 35-minute session offered in all classes. Course completions will be evaluated and changes made to the program from this information.

The College Security Department conducted the Annual Safety Report published annually in October, which displays the effectiveness of alcohol and drug prevention efforts. Drug and alcohol violations might be skewed because on campus housing was greatly decreased from the onset of COVID from 2020 to 2024. You may view the report at:

<https://media.websitecdn.net/sites/740/2024/09/Annual-Security-Report-2024-003.pdf>

In addition to our student programming “Alcohol and Other Drugs” the NOC Human Resources Office offers the “Employee Wellness Program” for all full-time employees which offers a variety of wellness programming.

### **IV. Legal Sanctions and Enforcement of Policy**

NOC has implemented the following policy regarding substance abuse:

1. Any student found in violation of these procedures will immediately be placed on probation and shall be subject to additional disciplinary actions which may include but not limited to dismissal from NOC.
2. The Vice President for Student Affairs or the Dean of Students will make information available to students about the dangers of drug abuse, the availability of counseling, and the penalties for violations. Such information will be promulgated in the student handbook, drug awareness sessions, etc.
3. Students who have no record of conviction for drug abuse and who voluntarily seek counseling for drug-abuse problems may not be dismissed from the College. However, if a drug-abuse conviction occurs

after counseling/rehabilitation has begun; the student is liable for the full range of College disciplinary measures.

4. The Dean of Students will be responsible for the implementation of these procedures and disciplinary measures.
5. Specific degree programs and participation activities like Nursing, Presidential Leadership Council, Athletics, Livestock Judging, Theatre, Choir, Band and Roustabouts may have additional policies related to prevention and management of substance abuse. Students enrolled in these degree programs are responsible for adhering to College specific policies as well as College policies.
6. Educational Sanctions- These include but are not limited to: online judicial educators, community service, reflection papers and assessments.

## **Parental Notification Guidelines (regarding violations of alcohol and drug policies)**

In keeping with federal legislation and as authorized by the Higher Education Amendments of 1998, the NOC has the following policy:

Parents/guardians may be notified when the following circumstances apply.

1. The student is under 21 years old at the time of the offense.
2. The student's violation:
  - a. Involves the use, possession, or distribution of alcohol;
  - b. Involves the use, possession, or distribution of an illicit drug;
  - c. Involves personal injury or damage to property; or
  - d. The student has committed a previous violation regarding the use, possession or distribution of alcohol.
3. The student is found "responsible" for a violation of the College's drug or alcohol policies, and:
  - a. The student is placed on either College or residential housing probation. This places the student on notice that any additional offense may affect either of these privileges', or
  - b. The resulting sanction(s) affects the student's ability to live on campus or attend the College (e.g. housing removal/relocation, suspension, or eviction.)

### **V. Health Risks Associated with Illicit Drug Use and Alcohol Abuse**

Alcohol and drug use is prohibited at NOC, not only for legal issues, but due to health risks associated with use.

Information about the health risks of drug use and abuse can be accessed through the following web site:<http://nida.nih.gov>.
