Lan		ine Arts,	Language Arts, Natural Sciences, Humanities, Mathematics, Behav	•					

The suggested curriculum includes degree requirements and courses that are usually completed in the first two years of a four-year curriculum.

Students should consult the university or college of choice and its catalog curriculum as they make plans on where to transfer. Care should be taken to select the courses that will meet all requirements for both the Associate and Baccalaureate degree programs.

	4 hours	Science Elective		3 hours	Humanities Elective				
	9 hours	Program Requirement Courses		4 hours	Science Elective				
				3 hours	Program Requirement Course				
Total 16 credit hours				Total 14 credit hours					

NOC evaluates students for placement into supplemental/college-level courses or college-level courses, whichever will lead to the greatest possibility of student success. Academic placement is determined by A.C.T. test scores, corresponding A.C.T. challenge tests, holistic placement, or other college approved placement tests. These tests are administered in the Testing Center at NOC. Based upon the scores, students may be required to take one or more supplemental courses for English, Math, Social Science or Nursing. See the NOC testing web page by clicking on the following link: http://www.noc.edu/act for placement guidelines.
