houi	hours): Language Arts, Natural Sciences Foreign Languages, Fine Arts,								
Hum	nanities, Ma	thematics	s, Behavioral Science or Social Scien						

The Associate in Science degree in Business Administration is designed to provide the student with the first two years of general requirements for transfer to a four-year institution. The suggested curriculum is outlined to the left. Alternate courses and electives should be selected carefully only after the student and the major faculty academic advisor have consulted the catalog of the selected transfer college.

The Business Division and this degree program are accredited by the Accreditation Council of Business Schools and Programs (ACBSP). Outstanding Business students are invited to join Kappa Beta Delta, the business honor society recognized by ACBSP.

Business Administration Associate in Science Degree Division of Business

Life changing.

This suggested curriculum includes degree requirements and courses that are usually completed in the first two years of a four-year curriculum. Consult with the university or college of your choice and its catalog curriculum as you make plans on where to transfer. Be careful to select the courses that will meet all requirements for both the Associate and Baccalaureate degree programs.

Year One						
Fall Semester				Spring Semester		
ENGL	1113	English Composition I	ENGL	1213	English Composition II	
MATH	1483	Math Functions	MKTG	2143	Marketing	
or			CMSC	2123	Business Tech & Applications	
MATH	1513	Algebra for STEM	MATH	2023	Elementary Statistics

	4 hours	Science Elective (Biological or Physical)	or			
			PHIL	2223	Business Ethics	
			PRDV	2321	Professional Development	
Total 16 credit hours				Total 13 credit hours		

NOC evaluates students for placement into supplemental/college-level courses or college-level courses, whichever will lead to the greatest possibility of student success. Academic placement is determined by A.C.T. test scores, corresponding A.C.T. challenge tests, holistic placement, or other college approved placement tests. These tests are administered in the Testing Center at NOC. Based upon the scores, students may be required to take one or more supplemental courses for English, Math, Social Science or Nursing. See the NOC testing web page by clicking on the following link: http://www.noc.edu/act for placement guidelines.
