The MATH 2023 Elementary Statistics and PRDV 2321 Professional Development courses fulfill the General Education Elective requirement to allow students to graduate with 61 hours. The General Education elective requirement can also be selected from courses in the following areas (but the number of hours to graduate would be higher than 61 hours): Language Arts, Natural Sciences Foreign Languages, Fine Arts, Humanities, Mathematics, Behavioral Science or Social Science.					*Students scoring 26 or above on the math subsection of the ACT do not have to take MATH 1513 Algebra for STEM and may take MATH 2023 Elem. Statistics or MATH 2103 Elem. Calculus. Students may use 1 gen ed elective hour in program elective.			

The Associate in Science degree in Business Administration is designed to provide the student with the first two years of general requirements for transfer to a four-year institution. The suggested curriculum is outlined to the left. Alternate courses and electives should be selected carefully only after the student and the major faculty academic advisor have consulted the catalog of the selected transfer college. The Business Division and this degree program are accredited by the Accreditation Council of Business Schools and Programs (ACBSP). Outstanding Business students are invited to join Kappa Beta Delta, the business honor society recognized by ACBSP.

Career Opportunities: Accounting, Business Administrator, Finance, Management

This suggested curriculum includes degree requirements and courses that are usually completed in the first two years of a four-year curriculum. Consult with the university or college of your choice and its catalog curriculum as you make plans on where to transfer. Be careful to select the courses that will meet all requirements for both the Associate and Baccalaureate degree programs.

Year One

Fall Semester			Spring Semester		
BADM	1103	Introduction to Business	CMSC	2123	Business Tech & Applications
ENGL	1113	English Composition I	ENGL	1213	English Composition II

	4 hours	Science Elective	PRDV	2321	Professional Development
Total 16 credit hours			Total 13 credit hours		

NOC evaluates students for placement into supplemental/college-level courses or college-level courses, whichever will lead to the greatest possibility of student success. Academic placement is determined by A.C.T. test scores, corresponding A.C.T. challenge tests, holistic placement, or other college approved placement tests. These tests are administered in the Testing Center at NOC. Based upon the scores, students may be required to take one or more supplemental courses for English, Math, Social Science, or Nursing. See the NOC testing web page by clicking on the following link: <http://www.noc.edu/act> for placement guidelines.
